

Purpose

The City of Whitewater offers the Community Event Calendar to support local events within the City of Whitewater, with a primary focus on community events and activities for attendance of the general public. The intent of this Community Calendar is to simply provide a central location for community events, and not to serve as an endorsement or promotion of specific events and organizations.

Use

Organizations

- Government agencies
- Local public and private educational institutions
- Local recognized nonprofit organizations
- Local service groups
- Local social and recreational clubs

Events

- The Community Calendar is not available to individuals or to fundraising efforts for the benefit of a single individual or family.
- The Community Calendar is not designed to promote political, religious, or labor/fraternal organizations; sporting leagues or clubs; commercial interests, individuals, or families.
- All events are to be located within the City of Whitewater
- Events are to be open to any/all general public
- Events are one-time or special events/programs, not regularly scheduled activities (i.e. church services, exercise classes, etc.)

Posting

The calendar is a shared Google calendar that is administered by the City of Whitewater and then embedded within the City of Whitewater Website. The City will do the initial setup for your organization; from there, all information, updates, etc. are the responsibility of your organization. Organizations may only create/modify their own events.

The following information should be filled out in the calendar:

- What- Event Name/Title
- When- Specific date and time of the event. (Important-starting and ending times are required for the event)
- Where- Address of the Event. If formatted correctly (Ex- 312. W. Whitewater St., 53190), Google maps will automatically show a map of the event, and a street level view if available.
- Description- Details of the event. If the event/organization has a web address, you may link it in this area. (Link must go to event page/info, and not to the general website of the organization)
- Options- No options should be changed (default is Public/Busy)
