This publication and/or the activities described herein were funded by the U.S. Department of Housing & Urban Development.

Rock County, including the Cities of Beloit and Janesville, have received grant funding from the HUD Healthy Homes – Healthy Kids Lead Hazard Control and Lead Hazard Demonstration Programs to provide financial assistance to households in reducing lead hazards in housing where children under the age of 6 reside or are expected to reside.

Lead hazard reduction work performed under this grant is to be performed by trained and certified Lead-Abatement Workers and/or Supervisors only. It is our desire to offer training to interested individuals and companies that would allow them to bid on these projects. The grant expires in 2013.

#### Dates

February 14 through February 18, 2011  
8AM – 5 PM (Please arrive at 7:30)
