**WHITEWATER**

**COMMON COUNCIL AGENDA**

Common Council Meeting

City of Whitewater Municipal Building – Community Room  
312 W. Whitewater St., Whitewater, WI 53190

**Tuesday, March 21, 2023 - 6:30 p.m.**

**This will be an in person AND a virtual meeting.**

**Citizens are welcome (and encouraged) to join via computer, smart phone, or telephone.**

**Citizen participation is welcome during topic discussion periods.**

**You are invited to a Zoom webinar.**

**When: Mar 21, 2023 06:30 PM Central Time (US and Canada)**

**Topic: Common Council Meeting (IN PERSON AND VIRTUAL)**

**Please click the link below to join the webinar:**

**<https://us06web.zoom.us/j/89139306364?pwd=SlpyNDlQaWsvTXFoc1FDN2dNRUdHZz09>**

**Passcode: 013032**

**Or Telephone:**

**Dial US: +1 309 205 3325**

**Webinar ID: 891 3930 6364**

**Passcode: 013032**

**Please note that although every effort will be made to provide for virtual participation, unforeseen technical difficulties may prevent this, in which case the meeting may still proceed as long as there is a quorum. Should you wish to make a comment in this situation, you are welcome to call this number: 262-473-0108**

**All agenda items are subject to discussion and/or action.**

**CALL TO ORDER, ROLL CALL, AND PLEDGE OF ALLEGIANCE.**

**CONSENT AGENDA:**

CA-A	Approval of Council Minutes of 3/7/23.	P. 1
CA-B	Acknowledgment of Receipt and Filing of: *Financial Reports (Preliminary) for December, 2022; - P. 8 *Plan Commission minutes of 1/13/23; - P. 71 *Public Works Committee minutes of 2/14/23; - P. 73 *Whitewater Police Department 4 <sup>th</sup> Quarter Report, 2022. – P. 82	
CA-C	Expedited Approval of the Following Items, per City Staff Recommendation: R-1	

**CITY MANAGER REPORT.**

**STAFF REPORTS:** 1) Library Report regarding fundraising campaign; 2) Neighborhood Services Update on Code Enforcement; 3) Wayfinding Signs Update; 4) Update on ATV / UTV Implementation Plan.

*To make a comment during this period, or during any agenda item: **On a computer or handheld device**, locate the controls on your computer to raise your hand. You may need to move your mouse to see these controls. **On a traditional telephone**, dial \*6 to unmute your phone and dial \*9 to raise your hand.*

**HEARING OF CITIZEN COMMENTS.** No formal Common Council Action will be taken during this meeting although issues raised may become a part of a future agenda. Participants are allotted a three minute speaking period. Specific items listed on the agenda may not be discussed at this time; however citizens are invited to speak to those specific issues at the time the Council discusses that particular item.

**RESOLUTIONS:**

*R-1	Resolution authorizing submission of grant application to Wisconsin Department of Natural Resources for Storm Water Planning Purposes.	P. 112
------	--	--------

**ORDINANCES:**

**First Reading: None.**

**Second Reading: None.**

**CONSIDERATIONS:**

C-1	Consideration of granting the available “Class B” alcohol license to one of the below applicants:  1. Whitewater Petroleum Co. – Lisa Long, Agent. Business Location: Five Points Mobil, 804 Walworth Ave. Conditional Use Permit granted March 13, 2023  2. Casual Joes BBQ LLC – Michael Hudec, Agent, Business Location: 319 W. James Street Conditional Use Permit was issued when Mr. Hudec originally started business and remains in effect.	P. 114

**\*Items denoted with asterisks will be approved on the Consent Agenda unless any council member requests that it be removed for individual discussion.**

**ABSTRACT/SYNOPSIS OF THE ESSENTIAL ELEMENTS OF THE OFFICIAL ACTIONS OF THE COMMON COUNCIL OF THE CITY OF WHITEWATER, WALWORTH AND JEFFERSON COUNTIES, WISCONSIN.**

March 7, 2023

The regular meeting of the Common Council was called to order at 6:30 p.m. by Council President Dawsey Smith. MEMBERS PRESENT: McCormick, Allen, Smith, Majkrzak, Brown, Gerber, Schreiber. MEMBERS ABSENT: None. LEGAL COUNSEL PRESENT: Wallace McDonell.

It was moved by Allen and seconded by Schreiber to approve the agenda, with the understanding that the ATV/UTV ordinance will be removed from the Consent Agenda and to acknowledge receipt and filing of the CDA Minutes of /19/23. AYES: McCormick, Smith, Allen, Majkrzak. Brown, Gerber, Schreiber. NOES: None. ABSENT: None.

**CITY MANAGER REPORT.** City Manager Weidl highlighted events in the City including Public Works projects, Fire/EMS staffing, Library programs, Neighborhood Services, Aquatic and Fitness Center updates, Parks and Recreation programs, Polar Plunge, and Police Department updates.

**SECOND READING OF ORDINANCE AMENDING CHAPTER 11.45 OF THE MUNICIPAL CODE TO ALLOW FOR THE OPERATION OF ALL TERRAIN AND UTILITY TERRAIN VEHICLES ON CITY OF WHITEWATER STREETS.** Councilmember Gerber requested that once the ordinance is passed, there be education provided to the public, a press release from the City Manager's office, and that the ordinance adoption be posted on the Police Department website, in newspapers, the City's social media outlets. She requested that the important parts of Chapter 23.33 be stressed. Councilmember Majkrzak said that he had sent the mapping resource to City Manager Weidl. Weidl stated that he had already forwarded information. Majkrzak stated that this is a great resource that supports local clubs. Majkrzak cited some of the concerns mentioned by Gerber.

**SECOND READING OF AN ORDINANCE AMENDING CHAPTER 11.45  
Allowing the Operation of All-Terrain Vehicles (ATV) and Utility Terrain Vehicles (UTV) on  
City of Whitewater Streets Located (Excluding City Streets Located Within the Boundaries of  
the University of Wisconsin – Whitewater Campus)**

The Common Council of the City of Whitewater, Walworth and Jefferson Counties, Wisconsin, do ordain as follows:

SECTION 1. Whitewater Municipal Code Chapter 11.45, is hereby amended to read as follows:

11.45.010 **General.** This ordinance is enacted pursuant to sections 62.11 (5) and 23.33 Wis. Stats., and the provisions of Wisconsin Administrative Code NR 64 regulating ATV and UTV operation, which is hereby adopted and incorporated herein.

11.45.020 **Applicability and Enforcement.** The provisions of this Ordinance shall apply to all streets, roads and highways, hereinafter at times referred to as City Streets, in the City of Whitewater, Wisconsin (except City streets located within the boundaries of the University of Wisconsin - Whitewater campus) and the provisions of this ordinance shall be enforced by the City of Whitewater Police Department.

Adoption of this ordinance shall not prohibit any law enforcement officer or DNR warden from proceeding under any other ordinance, regulation, statute, law or order that pertains to the subject matter addressed in this Chapter.

**11.45.030 Limitations.** The following limitations apply to all areas of operation designated in this Ordinance:

- (a) Operators and passengers of ATVs/UTVs shall comply with all federal, state and local laws, orders, regulations, restrictions and rules, including, but not limited to, section 23.33 Wis. Stats. and Wisconsin Administrative Code NR 64.
- (b) This Ordinance incorporates by reference all definitions under section 23.33 Wis. Stats. and Wisconsin Administrative Code NR 64 and any other applicable Wisconsin Law defining ATVs/UTVs and regulating ATV/UTV use unless this Ordinance states otherwise.
- (c) ATVs/UTVs shall be operated on the paved surface on the extreme right side of the roadway.
- (d) ATVs/UTVs may be operated on paved surfaces only, unless yielding the right of way.
- (e) ATVs/UTVs operators are required to have applicable liability insurance.
- (f) ATVs/UTVs shall not be operated at a speed greater than the posted speed limits.
- (g) ATVs/UTVs may not be operated on any city street without fully functional headlights, taillights and brake lights.
- (h) ATVs/UTVs may not be operated on any city street between the hours of 10:00 p.m. and 5:00 a.m.
- (i) No person may operate an ATV/UTV on any city street without a valid driver's license and shall display the license on demand from any law enforcement officer or official described in section 23.33 (12) Wis. Stats.
- (j) The operation of an ATV/UTV shall be limited to traveling on a direct route from the initial starting point of the vehicle to a specific destination in the City of Whitewater, Wisconsin. Operating ATV/UTV vehicles on City streets for other purposes is prohibited.

**11.45.040 Routes.**

- (a) Any modification to the routes designated for ATV/UTV use shall be approved by the Common Council.
- (b) The routes designated as an ATV/UTV vehicle route shall be as follows: All streets, roads and highways in the City of Whitewater, Wisconsin (excluding City streets located within the boundaries of the University of Wisconsin - Whitewater campus and portions of streets, roads and highways where the designated speed limit is greater than 35 m.p.h.).
- (c) The City Manager or his or her designee shall have the authority to suspend operation on any route or segment thereof due to hazards, construction, emergency conditions, road damage or any other issue deemed appropriate for public safety. Routes subsequently removed as an ATV/UTV vehicle route will be posted on the City of Whitewater website.

**11.45.050 Route Signs.**

- (a) All initial route signs will be installed and maintained by the City of Whitewater Public Works Department in cooperation with the Jefferson and Walworth County Highway Departments.
- (b) No person may erect or remove any official designated route sign unless authorized by the City of Whitewater Public Works Department in writing.
- (c) No person shall operate an ATV/UTV contrary to any authorized and official posted sign.

**11.45.060 Penalties.**

- (a) This Ordinance shall be enforced by the City of Whitewater Police Department, or any other law enforcement official as set forth in section 23.33 (12) Wis. Stats., including the issuance of citations under section 66.0113 Wis. Stats.
- (b) The penalties set forth in section 23.33 (13) (a) Wis. Stats., are adopted and incorporated by reference herein.

11.45.070 Severability.

(a) Should any subsection, clause or provision of this ordinance be declared by any court of competent jurisdiction to be invalid, the same shall not affect the validity of this ordinance as a whole or any part thereof, other than the part declared invalid.

11.45.080 Maintenance.

(a) Designation of City of Whitewater streets and roads as ATV/UTV routes does not impose upon the City of Whitewater a greater duty of care or responsibility for maintenance of those segments than that required for any other street or road. Operators of ATV/UTVs on City streets assume all the usual and normal risks of ATV/UTV operation.

Gerber moved to approve the ordinance with a press release, public education and postings on the City's website and social media outlets. Majkrzak seconded the motion. AYES: McCormick, Smith, Allen, Majkrzak. Brown, Gerber, Schreiber. NOES: None. ABSENT: None.

John S. Weidl, City Manager

Michele R. Smith, City Clerk

**TELECOMMUTING POLICY (REMOTE WORK POLICY) AND POSSIBLE DIRECTION REGARDING THE SAME.** Councilmember Smith asked that this matter be brought back after discussion with the City attorney as to whether the motion was enough to codify into a policy. There was a draft policy created, based on that motion, and that policy is being brought back for clarification and/or action.

City Manager Weidl stated that the policy he drafted was what he believed to be the intent of the motion that was made. Attorney McDonnell had looked it over and made some minor changes.

**Allen moved that the policy read that the City of Whitewater does not support telecommuting. In extreme circumstances, on a temporary basis, the City Manager may make an exception to telecommuting as long as the City Manager believes that the employee's work can be done. In the case of an exception, the City Manager should inform the Council of the exception and that the exception only be for one week. McCormick seconded the motion.**

Majkrzak said that his opinion is that City Council does not get involved in the day to day operations. That is why they hired a City Manager. Majkrzak stated that he would not be voting for this. Brown said that she would not be voting for this either. She said that she used telecommuting a lot when she worked for the State and it was really helpful in a number of situations and thinks that it is something you need in the twenty first century when trying to hire someone.

Allen said that it is the job of the Council to set policy and it does weigh on the mood of the rank and file employees that they are not allowed to telecommute. Allen said that he believed that Councilmember Gerber has checked with surrounding communities that do not allow telecommuting, and he would like things to go back to the way they were pre-Covid and be open the way they should be.

Gerber stated that this had come up when they talked about the hours and she had contacted the City of Elkhorn; Walworth County; Fort Atkinson; Jefferson; City of Delavan; Village and Town of East Troy; and only one allowed telecommuting for a day to extend vacation or for a sick child. The rest were a clear "no" even for salary, except for cases of Covid. Gerber said that the City does have a flex time policy that allows for salaried personnel to allow them to flex off if they stay late. She was unclear how that was being implemented. She thought it had to be done in the same pay period. Gerber stated that she also had concerns

about non-exempt people doing exempt work if all the exempt employees are out of the building. She said she would be voting no unless there were some changes in the wording of the policy.

McCormick asked which municipality was the one who allowed telecommuting. Gerber stated that it was the Village of East Troy. McCormick stated that we are a small town and the employees should be at their jobs and the public requires it. She said that we need to get back to the way things were pre-Covid, and everyone should be back at their job.

Schreiber said that telecommuting should not be the norm for day to day job interaction. He said that he does understand that it has become a more popular option for a lot of companies. Schreiber has a friend that has a job where he telecommutes every day, but it is not a service job. There may be jobs within the City that may be open to that, if they are not dealing with people face to face on a daily basis, but those who need to be able to be reached by the public, should be in the office during normal office hours. Schreiber said that telecommuting can be a viable resource during extreme weather, stating that he telecommuted during a recent winter storm. He stated that he is not in favor of a policy that states that the City is against telecommuting altogether, because there is a place for it, but it would need to be re-worded to clarify those exceptions and where it can be applied to certain departments.

Smith stated that she feels that it is hypocritical to tell the employees that they do not have the option to telecommute when the Council has that option. She said that she is not supportive of the motion on the table. Smith said that the Council needs to award the City Manager some flexibility, because the City cannot remain competitive with private industry for some of the professional positions that staff our city. She would be supportive of something that would look more like the flexible work environment policy of Wauwatosa.

Neil Hicks, 1254 Tower Hill Pass, stated that he agreed with Councilmembers Allen, McCormick and Schreiber that there is a way that you can have this, with determined parameters. He stated that it does create animosity between employees when some can telecommute and some can't. Hicks said that if a citizen comes in to the municipal building to get a license or permit during regular business hours, someone should be in the office to help them. Hicks stated that he thinks that it could be done, with limits, making sure there is sufficient office coverage. He also stated that remote options for meetings should go. Brown stated that she also liked the Wauwatosa policy.

Allen stated that he thinks it is time for Council to stop calling in remote, as well. **Allen amended his motion to add that Council stop telecommuting.** Weidl asked whether that applied to boards and commissions. Allen stated that board and commission meetings do not run as well when there are members remote. McCormick agreed with Allen, and added that there is much more input and interaction when members are there in person. **McCormick seconded the amended motion.** City Clerk Smith asked if the amended motion include all boards and commissions or just Council. Allen stated that it included all boards and commissions as well as Council. Weidl asked if the public could participate virtually. Allen stated that the public could participate virtually. Vote to amend motion as follows: AYES: McCormick, Allen, Gerber, Schreiber. NOES: Brown, Majkrzak, Smith. ABSENT: None. Vote on full motion as follows: AYES: McCormick, Allen, Gerber. NOES: Schreiber, Brown, Majkrzak, Smith. ABSENT: None. Motion failed.

Schreiber stated that he is not against telecommuting entirely. There are certain circumstances where it should be able to be used, in certain departments, especially ones that do not deal with the citizens face to face. Schreiber said that City Manager Weidl knows more than he would who this could work for. Weidl said that he thinks a day a week seems appropriate as far as how much, for a certain amount of time, or more days in a row for a shorter period of time. Gerber asked Weidl if this would be for all employees or just exempt employees. Weidl said that there are some positions that this will not work for, but for general

employees, there are examples in each department where some work, especially in extenuating short term circumstances, can be done remotely. Weidl said that neither the position of no remote working at all or the position of more flexibility are moving forward, so he thinks the focus needs to be narrowed to find what the Council thinks is truly important. If the Council is worried about fraud, waste, and abuse then some rules need to be made for that. If the concern is prolonged time, then put limits on that.

Gerber stated that her main concern is having exempt people missing and having non-exempt people doing the work and the morale issues that may cause. Her other concern is the use of telecommuting to extend vacation time. She does not want to see it used in that way. Allen said that once a week would be too often. Majkrzak said that if they want to go to that level of managing the day to day operations, then they should apply to be City Manager.

Councilmember Brown said that the two are not mutually exclusive. She said it sounds like there are concerns about Weidl being too lenient, but in terms of hiring, he should have the flexibility to allow it. At the same time, the concerns are valid that it is not abused, so that the citizens are not able to get their issues taken care of. Weidl said that technology concerns are not as insurmountable as the Council may think. Allen stated that there is one position that can telecommute and is doing so, but he wonders how that is fair to the other employees.

Weidl stated that Allen's concern is valid. Weidl said that the Council needs to trust that he will work with the Council to design a process of accountability that will be enforced. Weidl also stated that if there is an accommodation that lasts longer than a certain amount of time, he would be happy to seek the Council's approval. Majkrzak said that he thinks that the Council is spending time micromanaging instead of spending time on the things they should be spending time on. He feels that micromanaging is going to make the City Manager leave. Majkrzak said that housing, a grocery store are things they should be dealing with. He stated that he would like to see Council have less authority on the level that they are talking about today. That should be up to the City Manager and if the Council doesn't like what he is doing, they can address it at his review.

Allen responded that the council are the elected officials chosen by the citizens to make these kinds of decisions and the City Council has the power to make policy. Gerber stated that the Council speaks for the people and not themselves.

**Allen made the motion that Whitewater does not support telecommuting. The City Manager may make an exception to the telecommuting policy as long as the City Manager agrees that the City employee's work can be done at home, and in this case the City Manager should inform the Common Council.** Gerber asked if there was a time limit for the exception. Allen stated that he was trying to keep it simple. Smith said that it was not enough different from what's already been drafted, in her opinion, and she would still vote no. Weidl said that he thinks that Allen gave a lot of discretion and autonomy to the City Manager and understands that others may want more constraints put around that. He told Allen that he appreciated the shift in position. Majkrzak said he would be in favor of that, striking the part about informing the Common Council. Smith stated that her opposition to it is that they are starting a policy from a negative position. It states that the City does not support telecommuting, and yet in certain venues, seeks to attract new residents who are telecommuters. Starting from a negative position is not supportive of what we may need to do to attract new residents. Schreiber stated that if the City is trying to attract new employees, and the potential employee looks up the policy and sees the first words as the City not supporting telecommuting, they may not go any further. Allen stated that no other municipalities in the area support it either. Smith said that it is the negative position of not supporting something that is her issue. Schreiber thinks that the broad statement of nonsupport of telecommuting is a bad starting point, when there are potentially positions within the City that telecommuting could work for. **Allen withdrew his motion, temporarily to allow Smith to offer some different language.**

Smith would like to see an expanded flexibility in the workplace policy to be drafted, based on what was outlined in the Wauwatosa policy because there are other things included. Allen stated that the Wauwatosa policy hasn't been shared with the Council. Smith said that the important parts of the policy have been included in the Council packet. It says that a flexible work arrangement is a department option. Certain positions, by their nature, are not suited for flexible work arrangements, participation is not appropriate for all employees and no employee is entitled to or guaranteed the opportunity to have a flexible work arrangement. That protects the intent and desire to make sure that the City seeks to provide excellent service and still enables a flexibility should it be necessary in attracting future workers. Smith stated that we cannot and will not ever be able to be competitive with the private sector. This could allow for the recruitment and retention of highly skilled individuals who need a little bit of flexibility.

Allen stated that after the first time reading it he doesn't seem to have a problem with it. Gerber said that she wanted to clarify, that the part Smith stated some positions do not allow for the flexible arrangement. She stated that she finds that the window staff will always be told they can't have it because they are front facing positions, so is that going to eliminate them right away and have the friction still there.

Weidl stated that he is creative and there are three people that can cover the counter, who are usually all working at the same time. He stated that he is also tracking how many people come in, and there were three today. Weidl said that Smith's motion and Allen's motion could possibly be combined to allow for the flexibility while informing the Council. Smith stated that she would like a trial period of one year to look back and make sure it has been successful. She would also add that there be no offers of employment that include a set remote work policy without Council approval.

Neil Hicks, 1254 Tower Hill Pass, said that he liked what Smith said. If he comes into City Hall for something, he expects someone to be there to take care of his request. If that can be done with the flexibility of telecommuting and not having to pay someone overtime to accomplish that, great. Hicks asked what the employees who work from home use, he wondered if there was an encrypted VPN. He was told there was a VPN. Hicks asked for clarification that all customer data is encrypted. Weidl said that it was.

**McCormick seconded Allen's motion.** AYES: McCormick, Allen, Gerber. NOES: Schreiber, Brown, Majkrzak, Smith. ABSENT: None. **Motion failed.**

*Smith moved that staff be directed to draft a flexibility in the workplace policy, based upon the example of the City of Wauwatosa policy, to include a trial period of one year to allow for retrospection and with the condition that no offers of employment include a remote work arrangement without Council approval. Schreiber seconded Smith's motion. Allen asked to amend the motion to not allow telecommuting every day. Smith asked if Allen would be agreeable to amending the motion to not allow more than 20%, or one day of the week, to be used for telecommuting. Allen said he would not agree to that, because employees would take advantage of that and use every Monday or Friday to work from home. Smith said that this already happens with flex time. Allen stated that flex time is different, because it offsets time spent in after hours meetings. Smith said that she still had a problem with it because it could result in poor service due to lack of employees in office. Schreiber clarified that this motion is to draft the policy, not to pass the policy. Weidl said that the motion is giving staff direction to draft a policy that would be brought back to Council for possible approval. Allen stated that the compressed work week should be addressed in the policy. Smith said that she thought it might be addressed in other policies and it is up to staff to review them and make sure the policies are consistent in that regard. AYES: McCormick, Schreiber, Brown, Majkrzak, Smith. NOES: Gerber, Allen. ABSENT: None.*

**REQUEST INPUT REGARDING RENEWAL OF POLCO COMMUNITY SURVEYING SERVICE.** City Manager Weidl stated that in 2022, the POLCO surveying software was used a total of

five times; in 2021 it was used 14 times; and in 2020 it was used five times. Subscribers since 2017 total 818, and total responses in that time are 3660. This response total does not say whether it is the same people responding multiple times to the same question.

The cost to renew is \$2531.00. Weidl requested direction from Council, whether it is to move forward or look into other cheaper options. Smith stated that over the time the City has had the service, the cost per response is \$3.45. For a service like Meta, the cost per click is 94 cents. Smith feels the this is not a good return on investment for the community.

Majkrzak said that he is disappointed in the response to the tool. He stated that it is a wonderful opportunity for the public to engage and inform the Council on questions that they are making decisions on. Majkrzak feels the cost is not worth the value received. Allen and McCormick agreed with Majkrzak.

Weidl asked if the Council wanted him to look into other options. Brown said she is concerned about how we get information out. She would like to try something different. Gerber said that she thinks that Civic Plus, a software the City already has, has the ability to poll, but it hasn't been used. McCormick said that she thinks the same people are responding to the questions and it is not worth the money. Weidl said that he can look into other options, including Civic Plus. Smith stated that when the City started using POLCO, there was an investment by CDA, and POLCO had a presence in the City. Neither of those exist anymore. Allen agreed that the Council was supportive at the beginning because POLCO was at the Innovation Center. Weidl said he would move forward with nonrenewal. Smith said that the Tourism Council used a texting platform, and they may have some insight on the usefulness of it.

**FUTURE AGENDA ITEMS AND/OR FUTURE POLCO QUESTIONS.** Gerber would like an update from Neighborhood Services on citations through the winter, and an update on the library fundraising efforts. Majkrzak said that with the passing of the UTV/ATV ordinance for Walworth County, there were some stipulations, such as signage being placed. He would like to know what the process is for making this ordinance in particular, and ordinances in general, a reality, and a timeline for when this ordinance will become effective. Allen would like to address the wayfaring signs around the City. Several are in poor repair.

**ADJOURNMENT.** Schreiber moved to adjourn the meeting. Majkrzak seconded the motion. AYES: McCormick, Allen, Schreiber, Smith, Gerber, Brown, Majkrzak. NOES: None. ABSENT: None. Being no further business, the meeting adjourned at 7:30 p.m.

Respectfully submitted,

CITY OF WHITEWATER  
PLAN AND ARCHITECTURAL REVIEW COMMISSION  
IN-PERSON AND VIRTUAL MEETING  
6 p.m. Feb. 13, 2023

**ABSTRACTS/SYNOPSIS OF THE ESSENTIAL ELEMENTS OF THE OFFICIAL ACTIONS OF THE PLAN AND  
ARCHITECTURAL REVIEW COMMISSION**

**Video:** <https://vimeo.com/790239101>

**1. Call to Order and Roll Call**

Chairperson Tom Miller called the meeting to order at 6 p.m.

PRESENT: Miller, Neil Hicks, Brienne Brown, Andrew Crone, David Stone, Sherry Stanek and Bruce Parker.

**Video: 00:30**

**2. Hearing of Citizens Comments**

None

**Video: 00:58**

**3. Review and Approval of Minutes: January 9, 2023**

Hicks moved for approval of the minutes. Stone offered a second. Passed unanimously.

**Video: 1:40**

**4. Review and possible approval of a Certified Survey Map for the Division of Land: Lot 1 and Lot 2 of Certified Survey Map No. 1258 recorded in the Walworth County Register of Deeds in Volume 6, Page 27 as Document No. 86351 and part of the Southwest 1/4 of the Northwest 1/4 of Section 5, Township 4 North, Range 15 East, City of Whitewater, Walworth County, Wisconsin. 1242 & 1260 W Main Street – Parcel #/WUP 00160**

The PARC recommended approval of the afore-mentioned CSM, which splits parcel /WUP 00106 at 1242 & 1260 W. Main Streets. The PARC recommended approval with the following note on the front of the CSM: “The existing building foundation is located within the current building setback. In the event the portion of the existing foundation falling within the setback is removed or a future foundation is constructed replacing the rear foundation, the future foundation locations must comply with current zoning setbacks.”

What this instruction does, in the opinion of City Attorney Wally McDonell, the city’s contract planner with Vandewalle & Associates Sonja Kruesel and Neighborhood Services Director Chris Bennett, is allow the land split to move forward without the non-conforming building being made legal through the variance process. Any construction that involves the rear foundation will need to be in accordance with current zoning codes.

Stone moved for approval of the CSM, with a second from Crone. Passed unanimously.

**Video: 2:20**

- 5. Public hearing regarding consideration of a Conditional Use Permit for a proposed Auto Repair Service with Rental of Box Trucks and Trailers located at 1002 S Janesville Street, Parcel ID#/WUP 00341 for Big Deal LLC. (Lee Loveall).**

The PARC resumed consideration of Loveall's CUP, which it first considered in December 2022. The PARC tabled the matter and asked Loveall to develop a paving and parking plan. In the interim Bennett and McDonell recommended the PARC approve Loveall's CUP without the area being paved, per city ordinance 19.51.050. Section B of the aforementioned ordinance Section B states that all driveway and parking areas shall be surfaced with asphalt or concrete to control dust and drainage – unless otherwise permitted in the zoning district, or approved by the plan commission under a conditional use permit (CUP) or permitted by neighborhood services.

Brown moved, with a second from Hicks, to approve the CUP with the condition that Loveall come back in front of the PARC and amend his CUP should he lease additional land from owners Samuel and Dana Hatchett and look to expand. The PARC also stipulated that Loveall's lease with the Hatchetts be included as part of the CUP. Passed 6-1, with Stone dissenting.

**Video: 15:30**

- 6. Public hearing regarding a Site Plan Review for the Ferguson Building, Lot 2, Innovation Drive, Whitewater WI 53190, Parcel No. /A4996 00002 for PropertyX, LLC (Matthew Ferguson).**

Matthew Ferguson asked for site plan approval for a building on Innovation Drive. The proposed building is east of the intersection of North Universal Blvd and Innovation Drive. The lot is located in the Whitewater Business Park. The address is yet to be assigned. Contractor John Tanis represented Ferguson in front of the PARC.

The PARC approved the site plan with the added condition of an extra door on the north hot aisle of the building and review of the landscaping plan by the Urban Forestry Commission, along with the conditions listed in the Planner's Report.

Hicks moved for approval with a second from Stanek. Motion passed 6-0; Crone abstained.

**Video: 41:20**

- 7. Next Plan and Architectural Review Commission Meeting: March 13, 2023.**
- 8. Adjourn:** Brown moved, with a second from Hicks. Meeting adjourned at 6:59 p.m.

Respectfully submitted,  
Chris Bennett  
Neighborhood Services Director

### MINUTES

#### **1. Call to order and roll call.**

The Public Works Committee Meeting was called to order by Allen at 6:00 p.m. The meeting was held at the Municipal Building in the Cravath Conference Room on the 2<sup>nd</sup> floor.

Present: Gerber, McCormick, Allen  
Others: Brad Marquardt

#### **2. Approval of minutes from December 13, 2022**

A motion to approve the minutes from the December 13, 2022, meeting was made by McCormick and seconded by Gerber.

AYES: All via voice vote (3)  
NOES: None

#### **3. Hearing of Citizen Comments**

There were no citizens comments at that time.

#### **4. New Business**

##### **a. Discussion and Possible Action regarding the Final Starin Park Water Tower Structural Analysis Report.**

Marquardt reported at the last meeting the report was reviewed and comments were recorded. This information was taken back to McEnroe Consulting Engineers (MCE). These recommendations were incorporated into the final report. The Final Report outlines a possible phased approach to the suggested maintenance, a cost for demolition, and expected life extension with additional maintenance. As mentioned at the December 2022 meeting, the water tower is generally in good to fair condition and structurally stable.

The overall maintenance cost, in 2023 dollars, is estimated between \$950,000 and \$1,100,000. A phased approach is estimated to cost \$1,500,000, or an additional 30%, or higher if more deterioration has taken place. Also, to be noted is the continuation of ongoing maintenance, mainly with repointing of mortar joints. An estimated cost to repoint 5% of the joints is \$110,000, which would be maintenance on the tower. An estimate of \$610,000 was included in the final report for demolition. According to the PSC, this is money the Water Utility could put toward this project. This estimate is important in that the PSC has indicated the Water Utility rate payer funds can only be used for maintenance up to the estimated cost of demolition. The remaining costs must be covered using different funding sources. This phasing was centered around the demolition money with Phase 1 work, concentrating on the two

top tiers. Phase 2 would consist of the remainder of the exterior work. Phase 3 would consist of the interior work (repointing of the mortar joints.) The phase work would be every two years raising the cost of the project to about \$1,500,000.

James Olm, 1180 Bloomingfield Dr., #304, stated he hoped when people are deciding what to do with the structure they would definitely weigh the historical importance of it being a landmark in Whitewater. He firmly believes it is important to many people in the town of Whitewater. He would encourage, before there would ever be a hasty decision made just to save money, there be an investigative process regarding what possibilities would exist to create funding to preserve the landmark.

Kori Oberle, 688 Waters Edge Dr., stated she was at the meeting to get a sense of where the three Council members are at with this tower. She commented it's a huge amount of money, a very community valued icon, while in a very difficult time in our economy. Therefore, it's a very difficult question to answer, or decision to make.

Pat Blackmer, 445 W. Center St., stated she was also attending the meeting to listen. She hopes the members weigh every possible aspect of this project. It is a very important icon to Whitewater, and there are other possibilities if they are considering demolition that could save the water tower.

Carol McCormick asked Ms. Oberle if there were any grants available for this type of preservation? McCormick thought Fort Atkinson had preserved their water tower. Ms. Oberle stated it was started 15 - 20 years ago and the cost was still a \$1,000,000. She thinks the majority of that money was raised privately. Ms. Oberle stated there are a few state and federal funds for restoration at a municipal level. The best chance is to figure out a new exciting use for the tower and approach the Jeffris Family Foundation in Janesville. It was mentioned this foundation only does matching grants.

McCormick asked if it was possible to add an informational question to the ballot at the next voting time? Would the citizen be in favor of keeping the tower or not? It would be a non-binding question. It would be a way to get more opinions as she hears comments from citizens both ways. Marquardt stated he would ask Smith about this option and if the deadline has already passed to get it on the spring ballot.

Pat Blackmer commented to Marquardt, according to the MCE report, it seems as if there really is no true immediate need to decide right now. She stated it's not going to fall down tomorrow. Marquardt stated the report stated it's in a safe condition. The report did indicate the longer the City waits, the possibility of more extensive and expensive work exists. Blackmer asked Marquardt what his recommendation would be at the next Council meeting. Allen stated that is what is being discussed right now.

Gerber commented MCE stated on #1 for recommendations to engage a tank inspector to review the conditions as the water has been emptied. She asked if that was included in the price. Marquardt stated it is an additional cost and he already reached out to a company who has inspected our tank before for DNR reports. He has not received the written report yet. Verbally it was said the steel was in very good condition. Gerber stated we would not have to do this again for an additional charge and Marquardt agreed. Gerber also had a question on repointing of mortar joints, page 34, and the estimated 5% added to the cost. How often does this need to be done? Marquardt stated the way he is reading it is that with the work done now, it wouldn't need to be done for another 30 to 40 years. Some maintenance, the mortar joints (5% of them), may need some maintenance work by 2040 at a potential cost of \$250,000. Gerber continued with another question - under page 33, Phase 1, it was mentioned the Water Utility could cover \$600,000 max - meaning that would be the demolition costs? Marquardt stated we do not

have that money right now. We would have to budget or borrow for that cost. Gerber asked what projects were coming up on the years that are listed: 2024, 2026, 2028? The question asked of Gerber is can we fit in \$1,500,000? Gerber stated there is a \$3,000,000 library project coming up, the integration of the Fire Department and EMS (with the possibility of more capital costs), which she is not sure if the referendum covered those costs. In addition, the City garage and Marquardt stated we are obligated to the upgraded radios for police, fire and DPW. Gerber stated with the referendum being approved, there is already an increase, every year, going forward until the City has enough to cover the Fire and EMS departments. It may or may not cause an increase next year. Marquardt stated the only money the City has obligated is for the library and the City told the County to go ahead and put in for the upgraded radios. Beyond that Marquardt stated, they have department budget items proposed in the next five years, but nothing that has been acted upon. Gerber stated listening to the people at the meeting, which the Council appreciates them coming, the common theme was for historic value (and the only theme) for keeping the tower. As for use of the City, it is not holding water and it's not serving any other purpose besides a historic value. You have to weigh that with the money and everything else. Gerber stated because the report stated it is in safe condition, and no decision needs to be made right away, she would be in favor of postponing any decision being made right now. Hopefully, during that time maybe grants or other things would surface.

Allen asked if besides the age of the water tower, is there any other historical significance about it? Allen directed the question to Ms. Oberle. Ms. Oberle stated it is one of the oldest water towers in the state, but its value is more locally received. It is the best example of masonry construction in Whitewater. It does have an economic value as well at the time of the spirit tour and cultural heritage tour in Wisconsin. Allen stated he thinks the committee should pass this on to the Council and let them know it's okay for thirty to forty years. In addition, letting the Council know they need to find some kind of a significant use for the tower that benefits the entire community, if the City is going to keep it up. Marquardt made a correction to Allen's statement. Marquardt stated the water tower would only be good for 30 to 40 years with the \$1,000,000 work done to it. He also stated a non-binding question on a ballot might be a good idea.

Marquardt stated he will bring this item to the second Council meeting in February.

Kori Oberle asked when the City decides to either tear it down or fix it, rather than putting the entire burden on the tax payers, there may be other ways to go forward. There are a lot of models out there in other communities our size and in our situation. It would be creating a campaign committee with a number of people that would raise private donations and seek grants. They would then work with the City to determine what the City contribution would be for tax dollars.

- b. Discussion and Possible Action regarding UTV/ATV use on all city streets in the City of Whitewater.** Under the current ordinance, All-Terrain Vehicles (ATV) and Utility Terrain Vehicles (UTV) are permitted to operate on City owned streets within Jefferson County. According to the ordinance, the Public Works Committee is to monitor Jefferson County's review process and provide the City Council with a report on Jefferson County's findings and actions no later than March 1, 2023.

Marquardt stated the Jefferson County Highway Committee recently met and made a recommendation to leave the ordinance in place without any adjustment. Additionally, it has been requested with the review of the current City ordinance that the Council consider allowing UTV/ATVs on all City streets that are in Walworth County also. Therefore, Marquardt requested the Public Works Committee review the current ordinance to see if they want to adjust the current ordinance to include Walworth County.

Allen asked about the use of golf carts on streets. Marquardt stated there are two separate ordinances regarding UTV/ATV and golf carts. The golf cart ordinance was recently passed through the Common Council.

McCormick commented when she requested the ordinance from Jefferson County it was very vague. She asked if Jefferson County allows UTVs and ATVs on all City streets or are there designated routes? Marquardt stated to his understanding it is only on county highways, and it would be up to the cities to designate routes if they wanted to.

After concerns from the committee members regarding this item, Marquardt recommended this ordinance of UTVs/ATVs be brought to Council, in a non-ordinance format, for more discussion. It was suggested to contact the DNR for representation at a Council meeting as well.

**c. Discussion and Possible Action regarding Verizon’s inquiry to lease ground and water tank space for telecommunications equipment.**

In December 2022, City staff received a request from Mountain, LTD on behalf of Verizon Wireless inquiring about the possibility of leasing ground and water tank space for the installation of new telecommunication equipment at the new Southwest Elevated Tank. They are proposing monthly rent payments of \$2,500 in exchange for a 100’ x 100’ ground space area. The request is for an initial lease term of five years with nine additional five-year renewal terms. The rent escalator includes 10% per term (term being five years).

Verizon’s proposal of \$2,500/month would equal \$30,000/year for the first five years. With the escalator per term and a full 10 terms (50 years), the total payment to the Water Utility would be \$2,390,613.69. For comparison, the City’s current lease with T-Mobile (formerly Sprint) on the Cravath Elevated Tank is currently yielding \$18,662/year. The Sprint lease is in the final renewal term of an overall 25-year period. The lease ends in July 2024. Whitewater Wideband is also located on the Cravath Tower. This rate escalates two percent every year. Their current payments are as follows:

2021: \$7,416.00  
2022: \$7,638.48  
2023: \$7,867.63  
2024: \$8,103.66  
2025: \$8,346.77

Strand reviewed the initial inquiry letter and provided some comments. In general, the lease term is fairly typical, but is open to negotiations, the proposed leased area seems to be more than what would be needed, and the escalator of 10% is fairly typical. The rent amount is within the range they have seen, but is very dependent on site and location availability.

Staff recommends the Public Works Committee approve moving forward with leasing space to Verizon and send to the full Council to discuss negotiation terms in closed session, if warranted.

Dave Stone, 303 W. Ann St., asked where the money goes from the use of the City’s towers? Marquardt stated the monies go to the Water Utility Fund. Allen thought it went to the general fund. Marquardt stated he will check with Hatton to see where this money actually goes.

**d. Discussion and Possible Action regarding Tank Asset Management Program for the new Southwest Water Tower.**

Marquardt stated with the new Southwest Elevated Tank now in service, City staff reached out to Veolia (the City's current provider) to inquire about a Tank Asset Management Program, similar to the one in place for the Cravath Elevated Tank. The Program covers 10 years with preprogrammed annual payments. The Program covers annual tank inspections with reports, necessary cleanings/disinfections and repairs, emergency services, and power-washing. Renovation after the 10 years would include bringing the condition of the tower and coatings to like new conditions. Items included are overcoat painting of the exterior with appropriate surface preparation, blast and recoat the interior of the tank, and any damage to the tank is repaired, and any appurtenances would be brought up to the current standards.

The 10-year total of \$360,763 is broken into 10 approximately equal payments. The Year 1 payment was reduced to be able to fit the payment into the 2023 budget. Additional money was added to Years 2 – 6 to make up the difference. The proposed costs are in line with the current costs associated with the Cravath Elevated Tank.

Marquardt stated by implementing a program such as this, the Water Utility can incorporate the costs on an annual basis rather than waiting for a one-time bigger cost where borrowing would more than likely need to occur. The current program with the Cravath Street elevated tank has been in service since at least 2009 and works very well.

Gerber made a motion to recommend the approval of the Tank Asset Management Program to the full Council and seconded by McCormick.

AYES: McCormick, Allen, Gerber. NOES: None. ABSENT: None.

**e. Update on Bipartisan Infrastructure Law (BIL) awarded streets: Walworth Avenue, Innovation Drive, Howard Road.**

The City submitted a number of applications for both Surface Transportation Program (STP) – Urban, and STP – Local projects through the Bipartisan Infrastructure Law (BIL). The City was notified in September 2022 that Walworth Avenue from Janesville Street west to the County line was selected as a STP – Urban project and Innovation Drive from Howard Road to Technology Drive was selected as a STP – Local project. The City also teamed with the Town of Cold Spring to submit an application, on the Town's behalf, for Howard Road from State Highway 59 south to the County line. This project was also approved as a County STP – Local project.

Staff recently reached out to the State and found out all three projects are tentatively scheduled for construction in 2025. The City should be receiving the State Municipal Agreement with more information in 2023. Action will be required at that time to proceed with the projects.

**f. Discussion and Possible Action regarding Strand Task Order for the design of a Water Storage Building adjacent to 308 N. Fremont Street.**

Marquardt stated included in the 2022-2023 CIP budget was the construction of a new storage building for the Water Department. Staff investigated designing and bidding this project in-house, but after discussions with Strand and our Building Inspectors, staff decided it would be best to have it designed by a professional. City staff does not have the knowledge to navigate state building codes and produce state approved plans. Additionally, change orders during the construction phase could be much costlier than hiring a professional upfront to develop the plans.

The estimated cost from Strand is \$90,000 based on an hourly rate. This will also include looking at a parking lot that needs to be paved and a driveway that goes to the new building. Therefore, there were

some additional design costs associated with this amount. McCormick asked if the garages were coming down. Marquardt stated that is part of the construction project.

Dave Stone, 303 W. Ann St., commented the City does spend a lot on consulting fees. At some point, he wishes this body would look at various consultants, so they would know if they are getting a good deal or not. Allen stated they have looked at various consultants in the past and the problem is that Strands knows our City, which is a cost benefit to us.

After much discussion about the high price of Strand, Allen moved to approve the Strand Task Order for the design of a Water Storage Building adjacent to 308 N. Fremont St. and seconded by McCormick.

AYES: Allen McCormick. NOES: Gerber. ABSENT: None.

**5. Future Agenda Items**

Marquardt stated he had one future agenda item that came in regarding business owners/employees. They would like to have parking spaces in the downtown area, more so in front of their businesses rather than where they are designated at this time.

**6. Adjournment**

McCormick moved to adjourn the Public Works Committee meeting at 7:08 p.m. and seconded by Gerber.

AYES: All via voice (3)

NOES: None

#### 1. Call to order and roll call

The meeting was called to order at 6:00 p.m. The meeting was held at the Municipal Building, Cravath Conference Room, 2<sup>nd</sup> floor.

Present: Allen, McCormick, Gerber  
Others: Brad Marquardt

#### 2. Approval of minutes from January 10, 2023

A motion to approve the minutes from the January 10, 2023, meeting was made by Allen and seconded by Gerber.

AYES: All via voice vote (3) NOES: None. ABSENT: None.

#### 3. Hearing of Citizen Comments

There were no citizen comments at that time.

#### 4. New Business

##### a. Discussion and Possible Action regarding the installation of a street light near 210 Green Street on an existing WE Energies pole.

Marquardt indicated a request was received from the residents at 210 Green Street along with nearby residents for the installation of a street light near 210 Green Street. Other residents signing the request live at 239 E. Milwaukee Street, 305 E. Milwaukee Street, 555 Clay Street, 121 Green Street, and 224 Green Street. Marquardt stated when looking at the diagram provided, there does seem to be a gap on the north end of Green Street. There are currently two existing street lights on Green Street and one at the intersection of Clay and one at the intersection of Milwaukee. Marquardt stated he did not reach out to We-Energies yet, but based on past experience the cost of the installed fixture would be \$150 with an ongoing monthly charge of \$12.73 per month.

Based on this information, staff recommends the installation of a street light at the proposed location at 210 Green Street, if acceptable to WE Energies. If the light cannot be installed at this location due to the transformer on the pole, staff does not recommend an installation at a different location.

Gerber made a motion to install a street light at 210 Green Street providing We-Energies has no issue installing the light with the transformer on the pole, and seconded by Allen.

ABSTAIN: McCormick. AYES: Gerber, Allen. NOES: None. ABSENT:

**b. Discussion and Possible Action awarding the Southwest Water Main Extension, Contract 1-2023 to the qualified low bidder.**

The Southwest Water Main Extension Project was advertised for bids on January 26, and February 2, 2023. The project consists of extending the water main from the dead-end water main by the new water tower, east along the Highway 12 right of way, to another dead-end water main just west of the railroad tracks adjacent to Highway 59. The bid opening was at 1:00 p.m. on Tuesday February 14, 2023, and there was great participation. All seven qualified contractors submitted a bid. Marquardt stated the City did have an alternative bid on this project. The base bid was to install the water main with ductile iron. Because of past issues with Main Street last year where ductile iron was very hard to get and the cost was quite high, the City decided to include an alternative for PVC pipe. The base low bid (for ductile iron) was from Forest Landscape and Construction for \$451,700.00. The lowest bid for PVC appeared to be \$407,160 from Forest Landscape and Construction. However, some of the contractors did not do the alternative bid the correct way. Marquardt stated the City would like to go with ductile iron.

Marquardt noted the looping of the two dead-end water mains will help with consistent pressure, water quality and resilience in case of a water main break.

Dave Stone, 303 Ann St., asked if the City goes with the ductile iron is there a way to make it last longer? Marquardt stated soil samples were taken. They did not get any indication of corrosive soils in that area. In areas where there are corrosive soils, they do put a bag around the pipe.

Marquardt stated \$575,000 was included in the budget with \$520,000 coming from TID 13 and the remaining \$55,000 from water revenue bonds.

McCormick made a motion to award the Southwest Water Main Extension Contract 1-2023 to Forest Landscape and Construction for \$451,700.00 and seconded by Gerber.

AYES: Gerber, Allen, McCormick. NOES: None. ABSENT: None.

**c. Discussion and Possible Action regarding an easement to WE Energies for the installation of electrical facilities at the Wastewater Treatment Facility.**

WE Energies is requesting a 12-foot wide easement at the Wastewater Facility to extend underground facilities to the site of Walworth's County communication tower. The easement would follow the north/south portion of the driveway serving the Wastewater Facility. Marquardt stated there is no cost to the easement.

The attached easement includes a Temporary Exhibit A. The official Exhibit A will be prepared by a surveyor based on the exact location after the underground facilities are installed.

McCormick made a motion to approve the easement to WE Energies for the installation of electrical facilities at the Wastewater Treatment Facility and seconded by Gerber.

AYES: Allen, McCormick, Gerber. NOES: None. ABSENT: None.

**d. Discussion and Possible Action regarding changes to downtown business employee permit parking. Marquardt stated that a downtown business owner recently inquired about being able to park for extended periods of time in front of his business instead of having to park in the designated areas for downtown employee permit holders.**

Currently, employees who work in the downtown can purchase a permit which allows them to park longer than the 2-hour maximum in certain designated areas as indicated within the attached On-Street Brochure. These permits are intended to provide convenient parking options while preserving prime parking for

customers and visitors to the downtown. Marquardt thought it would be a good idea to have this information reviewed at a committee level.

Allen commented that if an owner wanted to load or unload in front of their business they could put their flashers on and wouldn't get a ticket. He feels it wouldn't take two hours to unload. He stated, typically business owners always park in the back of their parking, or away from their building, to save the front for their customers. And we as the City provide customer parking, not business or employee parking. Allen said he would not be in favor of allowing this. McCormick stated she agreed with Allen. We have to be very selfish about the very sparse parking area the City has, at this time, in the downtown area. McCormick also stated she was told that some business owners are violating the permit parking on Second St. She didn't think the CSOs would be responsible for enforcement of parking permits. She stated they are there all day with no parking permit, which is rightfully taking up a parking spot that they do not own. She just wanted to share the information that was told to her by a business owner. The business owner is very upset because they spend the money to have the permit. Marquardt stated he would make mention of the issue to the correct people.

McCormick made a motion that there be no changes to the downtown business employee permit parking request and seconded by Allen.

AYES: All via voice vote (3). NOES: None. ABSENT: None.

#### **5. Future Agenda Items**

There were no agenda items at that time.

#### **6. Adjournment**

McCormick moved to adjourn the Public Works Committee meeting at 6:17 p.m. and seconded by Gerber.

AYES: All via voice vote (3). NOES: None. ABSENT: None.

TO: Common Council

FROM: Leadership Committee; Library Expansion and Renovation Capital Campaign

DATE: March 21, 2023

SUBJECT: Update on fundraising

As of the committee's most recent meeting on March 8, the campaign has raised \$1,300,000 in major gifts and \$64,000 towards the 100 Extraordinary Women campaign goal of \$100,000. We are more than halfway to our goal of \$2,250,000.

## Common Council Agenda Item

Meeting Date: March 21, 2022

Agenda Item: Code enforcement update

Staff Contact (name, email, phone): Derek Johnson – djohnson@whitewater-wi.gov – (262) 473-0145

### BACKGROUND

(Enter the who, what when, where, why)

Councilwoman Jill Gerber requested code enforcement numbers, year to date, at the March 7 council meeting. NSO Derek Johnson will talk through a presentation on the city's code enforcement numbers, year to date, and the numbers for 2022.

Re: Wayfinding Sign Update

The Wayfinding Group had a virtual meeting with Corbin Design Inc. out of Traverse City, Michigan. This company has done an array of fantastic projects for Wisconsin Cities. On March 3, 2023 the wayfinding group received a proposal to provide consulting and design services to design a citywide wayfinding and signage system for its nine-square-mile city.

The wayfinding group is scheduled to meet on Tuesday, March 21<sup>st</sup> to discuss the proposal, funding, and timeline.

Encloses: Corbin Design Proposal

**CORBIN**  
**DESIGN**

People get lost. We fix that.®

## **Project Description**

The City of Whitewater (the City) has requested that Corbin Design, Inc. (Corbin Design) submit a proposal to provide consulting and design services to design a citywide wayfinding and signage system for its nine-square-mile city.

The final sign type array will include trail and park sign types, but the scope of work does not include preparing any sign location plan or message schedule documentation within any parks or trails.

Our wayfinding programs are designed to complement your environment and mesh with other design disciplines such as architecture, streetscape design, and brand communications to create a strong first impression, boost visitor satisfaction and, ultimately, improve your city's tourism business by encouraging return visits.

Thank you for your interest in Corbin Design!

## Firm Background

### **Professional Affiliations / Memberships:**

*The ESOP Association*

*Society for College and University Planning*

*Society for Experiential Graphic Design*

*Society for Healthcare Strategy and Market Development*

Corbin Design was established in Traverse City, Michigan in 1976. Since then, we have earned a reputation as a leader in wayfinding and environmental graphic design throughout North America. Our wayfinding clients include 100 cities and towns, 170 medical centers, and 50 colleges and universities.

We employ ten people, including five designers and three project managers. In 2002, we became employee-owned, giving each staff member an increased stake in the success of our firm and its clients.

Our Mission Statement is “To design intuitive and creative wayfinding systems that guide users through complex environments.” We define wayfinding simply as direction for people in motion. In this discipline, we merge information and visual design to help people find their way through complex environments more comfortably and more successfully. By tying the wayfinding logic to all forms of communication that a visitor experiences as they come into contact with your city or town, we assure a consistent, seamless journey.

Our work has been recognized with awards from the Society of Experiential Graphic Design (SEGD). We have also been featured in civic trade periodicals such as American City & County, The Urban Transportations Monitor, Nation’s Cities Weekly, Sign & Digital Graphics, and Signs of the Times.

We regularly share knowledge through speaking engagements for organizations such as the International Downtown Association, International Sign Association, Healthcare Facilities Symposium, SHSMD, Society for College and University Planning, and SEG.D.

## Project Approach

---

### Task One: Analysis

- An initial visit to learn about your area, gather information about your visitors, and determine your wayfinding and signage needs;
  - Assess the existing wayfinding signage and communication materials that contain wayfinding information;
  - Document recommended logic and circulation patterns;
  - Develop an initial destination list; and
  - Assemble a Wayfinding Recommendations Summary document.
- 

### Task One Details

To begin Task One, Analysis, we familiarize ourselves thoroughly with your area and what draws people there: its history, culture, destinations, and events. We also discuss your Master Plan and any planned construction, identifying wayfinding issues and opportunities to be addressed. Corbin Design will assist the City in selecting the appropriate representatives to form a Stakeholder Group and a smaller Core Team that will work with us throughout the project. During the kickoff trip, we will complete the following:

- A tour of the area
- Initial Core Team meeting
- Stakeholder Group meeting(s)
- Public/Community involvement meeting
- On-site research and analysis
- Initial findings, design direction, and next steps meeting with the Core Team

During the initial meeting with the Core Team, we will discuss the project scope and objectives, wayfinding needs, budget, schedule, physical and architectural characteristics of your city, and potential design aesthetics of the signage and other wayfinding elements.

During this task, we:

- Learn how people move into, around and out of the area in order to review vehicular and pedestrian circulation patterns;
- Identify user groups, their specific needs, and expectations regarding wayfinding, particularly as they affect the disabled and senior citizens;
- Assess the existing wayfinding signage;
- Review visitor communications materials that contain wayfinding information;
- Develop the preliminary wayfinding logic;
- Determine the destinations/attractions that should be included in the system;

- Review destination/attraction names and, if needed, suggest alternative terms that might clarify wayfinding as we develop the destination list;
- Develop the site plan showing circulation patterns, primary public destinations, etc.;
- Learn about the use of existing identity elements such as logotype, the City seal, etc.;
- Review Americans with Disabilities Act (ADA) conformance issues;
- Learn about the required bidding process, maintenance, budget, and phasing issues;
- Evaluate zoning code requirements for the signage; and
- Develop a detailed project schedule.

At the end of this task, we will develop an initial draft of a Wayfinding Recommendations Summary and conduct a web-based conference call to discuss the document. After the conference call, this document will be updated once before final approval.

***Deliverables:*** A digital version of the Wayfinding Recommendations Summary

***On-site Meetings:*** One, two-person trip to complete the kickoff trip

***Timeline:*** Two months

---

## Task Two: System Design

- We design and present two initial signage design concepts;
  - Revise the selected design concept;
  - Develop and present the full sign type array;
  - Revise the full sign type array;
  - Add detailed specifications to each sign type drawing; and
  - Build a preliminary cost estimate.
- 

### Task Two Details

We begin Task Two, System Design, by further analyzing your identity standards, project goals and objectives, and feedback from our initial meetings. We discuss integrating design cues such as historical, architectural, or topographical features, streetscape elements, materials, and themes as we develop an appropriate design aesthetic for the system.

We then prepare color elevation design drawings for two initial signage design concepts. Each concept will show the form, scale, typography, and color for three high-level wayfinding sign types. Corbin Design will present two design concepts for the City's review and approval and will modify the selected design concept up to two times to obtain final approval of the visual design direction.

Once the City has given final approval on the visual design of the system, we apply the design to the remaining sign types including the park/trail signage. We present these designs and revise individual sign type designs up to two more times to obtain final approval of the visual design of the entire sign type array. The full sign type array generally includes the following types of signs:

- Trailblazers leading to the area
- Gateway signage

- Boundary markers or welcoming landmarks
- Vehicular directional signs
- Parking identification signs (for public parking facilities)
- Pedestrian directional signs
- Pedestrian map kiosks
- Park/Trail signs
  - Park entrance identification signs
  - Trailhead kiosks
  - Trail general information/rules/education signs
  - Amenity/destination/attraction directional signs
  - Regulatory/safety signs
  - Mile marker signs

We then develop Design Intent Drawings for each sign type including dimensions, letter heights, material specifications, general mounting methods, and color specifications.

At this point, we can develop a preliminary cost estimate for the fabrication and installation of the system, based on approximate unit cost and estimated quantities.

During the design task, we will evaluate your current map(s) for use in the new wayfinding signs. If custom graphic design elements such as icons, logos, maps, and/or directories are needed, preparing the artwork for these elements is not included as part of our professional fees. If needed, we will estimate the costs for these elements during the project.

Note that we are designing a system to meet the specific wayfinding needs of the City of Whitewater in Wisconsin. Aspects of the system as designed may not meet all applicable local planning or zoning codes and may require variances from the local governing authority.

***Deliverables:*** Digital versions of the final Sign Type Array, Design Intent Drawings, and preliminary cost estimate

***On-site Meetings:*** One, two-person trip to complete the initial design concept presentation

***Timeline:*** Two to three months

---

## Task Three: Documentation

- We develop a detailed Sign Location Plan and Sign Message Schedule;
- Verify the sign locations and sign messaging on site;
- Refine the cost estimate; and
- Develop a phasing plan.

---

## Task Three Details

With the City's final approval of the wayfinding recommendations and designs, we begin Task Three, Documentation. This task provides information necessary for the specification, purchase, fabrication, and installation of the approved signage system.

The resulting Bid Package consists of the following:

- A citywide Sign Location Plan and Sign Message Schedule;
- Design Intent Drawings for each sign type; and
- Bid Document consisting of the material performance standards, general conditions, “boilerplate” language necessary for a competitive bidding process, and the bid form.

The Sign Location Plan and Sign Message Schedule identify the high-level public identification and wayfinding signage we have designed for the proposed system, plot its location, and define its content. A Sign Location Plan is a site plan that graphically illustrates the preferred location of each proposed sign from a wayfinding standpoint. A Sign Message Schedule identifies the sign-specific details such as sign type, what each sign will say, and whether any graphics are included (directional arrows, icons, or symbols).

We ask the City to review the Sign Location Plan and Sign Message Schedule closely for accuracy. We will modify these documents up to two times before asking for final approval.

Using the final Sign Location Plan and Sign and Sign Message Schedule, we update the cost estimate and develop a phasing plan for the implementation of the signage elements.

***Deliverables:*** Digital versions of the Bid Package, final cost estimate, and phasing plan

***On-site Meetings:*** One, two-person trip to verify the sign locations and messaging

***Timeline:*** Two to three months

---

## Task Four: Implementation

- We assist you with the bid process;
  - Review shop drawings, color samples, graphic layouts of sign faces, etc.;
  - Consult with the selected fabricator during the fabrication and installation; and
  - Conduct a final inspection and document the required modifications.
- 

### Task Four Details

Task Four, Implementation, includes consulting during the bid, fabrication, and installation processes.

During the bid process, we:

- Develop a mutually acceptable list of up to five sign fabricators to include in the bid process;
- Issue the electronic Bid Package to those fabricators;
- Conduct a pre-bid conference call;
- Field bidder questions and issue any needed bid addenda during the bidding period;
- Evaluate bid returns, including bid samples (if applicable) and other submittals;
- Create a bid analysis spreadsheet, requesting clarification where needed; and
- Submit the bid analysis and a summary of findings for the City’s review.

Once the City selects a fabricator, you hold the primary contractual relations as Owner. It is the responsibility of the selected fabricator to work from the approved Sign Message Schedule to create

individual graphic layouts for every sign face, in accordance with the specifications detailed in the Design Intent Drawings.

It is Corbin Design's responsibility to protect the design intent and assure faithful implementation of the Sign Message Schedule and Sign Location Plan. During this process, we:

- Work with the selected fabricator to issue necessary documentation;
- Review pre-fabrication submittals up to two times (show drawings, color samples, etc.);
- Review graphic layouts of sign faces and messaging up to two times;
- Work with the City as you verify the accuracy of the messaging in these documents;
- Answer the fabricator's questions during the fabrication period;
- Monitor the fabrication progress via digital photos and conference calls;
- Conduct an on-site inspection after the completion of the initial installation phase;
- Develop an inspection report;
- Review the inspection report with the City via a web-based conference call; and
- Prepare and submit a list of punch list items from the inspection report to the City and the fabricator for the fabricator to correct.

***Deliverable:*** Digital versions of the final inspection and punch list reports

***On-site Meetings:*** One, two-person trip to complete the final inspection

***Timeline:*** Four to six months

## Additional Services

Corbin Design is often asked to provide additional services in conjunction with a wayfinding and signage program, to promote the program and/or expand its reach. If asked to provide any of these services, we will submit a detailed cost estimate and obtain approval before performing any work. These services include but are not limited to:

- Designing or developing:
  - Custom icons, logos, maps, or directory artwork
  - Donor recognition signs and sign elements
  - Sign-by-sign audit of existing signage or a demolition report
  - Interior wayfinding signage for any parking decks/garages
  - Sign Location Plans or Message Schedules for within parks and trails
  - Documentation beyond the items listed as deliverables in this proposal
  - Presentation materials for use in education or promotion of the program
  - Electronic, interactive, or web-based wayfinding applications
- Developing mockup, temporary, prototype, or sample signs, including:
  - Production, coordination, or management
  - Fabrication or installation
- Determining electrical or structural requirements for building-mounted signage
- Construction documents with a seal from a licensed architect and/or engineer
- Managing the Zoning, DOT, or Planning approval process, including:
  - Attendance at meetings

- Development of custom documentation
- Translating sign messaging into languages other than English
- Building the logic or providing consulting services for soliciting funding, whether by development formulas or identifying potential sources for implementation funds
- Conducting an on-site trip to stake sign locations with the selected fabricator
- Conducting additional inspection trips or preparing additional reports beyond the one inspection report and one punch list report included in the approach above
- Following up with the fabricator to verify that all punch list items have been corrected

## Proposal Fee

Corbin Design asks to be compensated for professional fees and estimated reimbursable expenses for the project as follows:

<b>Professional Fees</b>	<b>Reimbursable Expenses</b>
\$79,510	\$9,500
<b>Project total: \$89,010</b>	

A breakdown of the estimated professional fees by task is as follows:

Task One, Analysis	\$15,480
Task Two, System Design	\$30,580
Task Three, Documentation	\$15,290
Task Four, Implementation	\$18,160

## Fine Print

1. **Professional Fees** for services are billed monthly according to the progress of the work together with expenses incurred and are payable within 30 days. No initial payment is required. Balances unpaid for 30 days after the date of the invoice are subject to a late charge of 1.5% per month. For any additional services that are requested, we first define a scope of services sufficient to determine the amount of professional fees required and receive approval from the City before any additional services are provided. If the project is not completed within 24 months from the date of this contract, additional professional fees may be required.
2. **Travel Expenses** will be billed at the actual cost of transportation and living expenses incurred while performing services on the project. Estimated travel expenses for this project include four, two-person trips to Whitewater, Wisconsin. To maintain cost efficiency and stay within estimated budget guidelines, we request that meeting dates be confirmed at least two weeks in advance. If the project is not completed within 24 months from the date of this contract, or meeting dates are not confirmed at least two weeks in advance, additional travel expenses may be required.
3. **General Expenses** will be billed at actual cost for expenses we incur on behalf of the project, such as printing, communications, custom fonts, and shipping.

4. **Maximum Fees:** These maximum fees and expenses apply as long as the scope of the work remains the same, previously approved materials are not revised, and the work schedule proceeds directly and efficiently without a delay that exceeds six months. If it appears that the maximum fees and expenses could be exceeded for reasons beyond our control, we will notify you and agree either on new fee and expense limits or a new strategy for completing the project within the existing fees and expenses.
5. **Reactivation Compensation:** If the project is suspended for longer than six months and is subsequently reactivated, the City and Corbin Design shall, prior to reactivation, agree upon a lump sum or other basis of reimbursement to Corbin Design for any extra start-up costs occasioned as a result of the work having been suspended.
6. **Leadership Changes:** Should the City leadership change during Corbin Design's work, or should new entities join the leadership team, necessitating additional client education, Corbin Design may elect to put its work on hold until a meeting is held to discuss project progress to date and future direction, to assure a smooth transition. Corbin Design's time and expenses applicable to such meeting, if any, shall be paid by the City as an additional expense along with associated fees.
7. **Insurance Coverage:** As a professional services firm located in Michigan, Corbin Design maintains the following insurance coverage:

Commercial General Liability: \$2,000,000 per occurrence/\$4,000,000 aggregate;

Automobile Liability: \$2,000,000 combined single limit;

Excess Liability: \$1,000,000 per occurrence/\$1,000,000 aggregate;

Workers Comp and Employer Liability: \$1,000,000 per occurrence; and

Professional Liability: \$1,000,000 per occurrence/\$2,000,000 aggregate.

If additional insurance coverage is required, the cost of purchasing the additional coverage, if any, shall be paid by the City as an additional expense.

8. **Conditions and Responsibilities:** The City, through suppliers identified by itself and Corbin Design, will be ultimately responsible for ordering, purchasing, receiving, and verifying the signage, supervising installation, and authorizing final payment. Corbin Design will not directly purchase or supply any specified items unless it is agreed upon prior to the purchase.

In dealing with contractors and suppliers, Corbin Design will act only as a consultant to the City, and the City will solely be responsible for payments to contractors and suppliers who might be involved in the work as a result of the design services provided by Corbin Design. Corbin Design will not be held responsible for the failure of contractors or suppliers to satisfactorily perform under their agreements with the City.

The Sign Location Plans provided to the City by Corbin Design are general in nature and not to scale, and reflect locations deemed desirable for the effectiveness of the overall wayfinding plan. They do not include exact locations or provide mounting, electrical, or landscaping specifications. The investigation of actual exterior site conditions such as underground utilities and other encumbrances is the responsibility of the City and fabricator awarded/contracted to fabricate and install the signs.

Bid Documents prepared by Corbin Design show design intent, not construction or engineering detail. The fabricator is responsible for fabrication, installation, and overall product quality. We expect the more detailed development and engineering of the design intent drawings and installation detail to be shown in the fabricator's submitted shop drawings. Corbin Design and the City will review all shop drawings submitted by the fabricator.

Although we would prefer to work with fabricators mutually selected by the City and Corbin Design, we recognize that certain conditions may require that the competitive bidding process for the signage fabrication and installation be open to all bidders, regardless of their qualifications. If such an open bid process or management of a prequalification process is required, we reserve the right to adjust our fees for Task Four based on our evaluation of the qualifications of the successful bidder and the need for additional project management on Corbin Design's part. We will notify the City before issuing a change order for these services.

The City is responsible for coordinating the provision of electrical service to sign locations that require electricity, working with the fabricator to set up sign installation schedules, and following up with the fabricator to verify that all punch list items have been corrected to the City's satisfaction.

This fee proposal shall remain in effect for 90 days. We reserve the right to re-evaluate our proposal if not acted upon during this period. Our quotation for professional fees is based on the anticipated project schedule and our experience with projects of similar size and complexity.

This Agreement may not be assigned, sublet, or transferred without the written consent of both parties. Either party may terminate the Agreement by giving seven days written notice or at the completion of any of the parts or tasks outlined above. In the event of termination, Corbin Design shall be compensated for all work performed to the date of notification, including authorized general expenses, change orders, and additional services.

Although our services result in the provision of tangible items to the City, this Agreement is a contract for services and not for the sale of goods. Corbin Design will determine methods, details, and means of performing the services provided at our sole and reasonable discretion.

If the above conditions are acceptable to you, an authorized signature below will constitute an agreement. Please return one signed copy for our records. Also, please email a purchase order to [accounting@corbindesign.com](mailto:accounting@corbindesign.com).

*We look forward to working with you on this exciting project!*

Memo: To City Council

Re: Staff Report – ATV/UTV Ordinance Timeline

At the last City Council meeting a request was made to inform the Council on the timeline of implementing the new ATV/UTV ordinance. Based on information gathered by staff, implementation should occur around the middle of April. Below are items that are in the process:

- Signs are ordered indicating “All City of Whitewater Streets are ATV routes unless posted” and signs indicating “No ATV’s Allowed” for campus area streets. These signs mirror Jefferson County Signs and are in alignment with the DNR Trail Sign Guidelines. These signs are expected to take 3 – 4 weeks to arrive. Signs will be installed as soon as they arrive.
- The ordinance will be published in the paper after the Council minutes are approved at a Council meeting. This is anticipated to be at the April 6 Council meeting.
- The Police Department is working with the City Attorney on establishing bond amounts for the new ordinance. Once the bond amount is received it gets entered into the municipal bond schedule. Then IT needs to enter the ordinance into the TRACS. Once entered into TRACS, Walworth County Sheriff’s office is informed so the ordinance can be entered into ProPhoenix. This process is expected to take 3 – 4 weeks.
- The City map indicating what streets are open has been sent to VVMapping and the Wisconsin ATV/UTV Association.

## Council Agenda Item

Meeting Date: March 21, 2023

Agenda Item: Resolution authorizing submission of DNR grant

Staff Contact (name, email, phone): Brad Marquardt, [bmarquardt@whitewater-wi.gov](mailto:bmarquardt@whitewater-wi.gov), 262-473-0139

### BACKGROUND

(Enter the who, what when, where, why)

The City has a Municipal Separate Storm Sewer System (MS4) permit from the DNR requiring the City to make improvements to the overall storm water system, in particular improving the water quality before it enters into the waters of the State. In 2015, the City received a Planning Grant from the DNR to develop a Stormwater Quality Management Plan and Report which was completed in 2017. The City has been using this Plan to help guide projects and improvements to help meet the requirements of the MS4 permit. With the help of Strand, the City is preparing an application for another planning grant to update the Management Plan to incorporate past projects, update our Total Suspended Solids (TSS) and Phosphorus removal percentages, incorporate new anticipated requirements from a new MS4 permit in 2024, update potential projects and update the storm sewer map. This Resolution is authorizing the position of City Manager to sign applicable documents as necessary.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

The Public Works Committee recommended approval of the Resolution at their March 14, 2023 meeting.

### FINANCIAL IMPACT

(If none, state N/A)

There is no cost for submitting the application. If selected, the grant covers 50% of the cost. If selected and approved to move forward by the Council, money will be budgeted in the 2024 Stormwater Utility budget for work to begin in 2024.

### STAFF RECOMMENDATION

The MS4 permit requires the City to make continual efforts in meeting the reduction goals of TSS and Phosphorus. Updating our Management Plan continues to meet this requirement and will help guide the City over the next number of years on projects that can be implemented to achieve the MS4 requirements. Staff recommends approval of the attached Resolution.

### ATTACHMENT(S) INCLUDED

(If none, state N/A)

1. Authorizing Resolution

**RESOLUTION AUTHORIZING GOVERNMENTAL RESPONSIBILITY  
FOR URBAN NONPOINT SOURCE AND STORMWATER GRANTS**

**WHEREAS**, the City of Whitewater is interested in acquiring a Grant from the Wisconsin Department of Natural Resources for the purpose of implementing measures to control agricultural or urban storm water runoff pollution sources (as described in the application and pursuant to ss. 281.65 or 281.66, Wis. Stats., and chs. NR 151, 154 and 155); and

**WHEREAS**, a cost-sharing grant is required to carry out the project;

**NOW, THEREFORE, BE IT RESOLVED**, by the Common Council of the City of Whitewater that the Common Council authorizes the City Manager for the City of Whitewater to act on behalf of the City of Whitewater to:

- Sign and submit an application to the State of Wisconsin Department of Natural Resources for any financial aid that may be available;
- Sign a grant agreement between the local government (applicant) and the Department of Natural Resources;
- Sign and submit reimbursement claims along with necessary supporting documentation;
- Sign and submit interim and final reports and other documentation as required by the grant agreement;
- Sign and submit an Environmental Hazards Assessment Form, if required; and
- Take necessary action to undertake, direct and complete the approved project.

**BE IT FURTHER RESOLVED** that the City of Whitewater shall comply with all state and federal laws, regulations and permit requirements pertaining to implementation of this project and to fulfillment of the grant document provisions.

Resolution introduced by Councilmember \_\_\_\_\_ who moved its adoption. Seconded by \_\_\_\_\_ . AYES: NOES: ABSENT: ADOPTED: \_\_\_\_\_

1. Trade Name Casual Joe's BBQ LLC Business Phone Number 262-753-2407  
 2. Address of Premises 319 W James St. Post Office & Zip Code 53190

3. Premises description: Describe building or buildings where alcohol beverages are to be sold and stored. The applicant must include all rooms including living quarters, if used, for the sales, service, consumption, and/or storage of alcohol beverages and records. (Alcohol beverages may be sold and stored only on the premises described.)  
Main building located @ 319 W James Whitewater WI  
and Banquet room, fenced in side lot.  
Storage will be in locked storage closet near bar

4. Legal description (omit if street address is given above): \_\_\_\_\_

5. (a) Was this premises licensed for the sale of liquor or beer during the past license year?  Yes  No

(b) If yes, under what name was license issued? Casual Joe's BBQ LLC

6. Is individual, partners or agent of corporation/limited liability company subject to completion of the responsible beverage server training course for this license period? **If yes, explain** .....  Yes  No
7. Is the applicant an employe or agent of, or acting on behalf of anyone except the named applicant? .....  Yes  No  
**If yes, explain.**
8. Does any other alcohol beverage retail licensee or wholesale permittee have any interest in or control of this business? **If yes, explain** .....  Yes  No
9. (a) **Corporate/limited liability company applicants only:** Insert state \_\_\_\_\_ and date \_\_\_\_\_ of registration.
- (b) Is applicant corporation/limited liability company a subsidiary of any other corporation or limited liability company? **If yes, explain** .....  Yes  No
- (c) Does the corporation, or any officer, director, stockholder or agent or limited liability company, or any member/manager or agent hold any interest in any other alcohol beverage license or permit in Wisconsin? **If yes, explain.** .....  Yes  No
10. Does the applicant understand they must register as a Retail Beverage Alcohol Dealer with the federal government, Alcohol and Tobacco Tax and Trade Bureau (TTB) by filing (TTB form 5630.5d) before beginning business? [phone 1-877-882-3277] .....  Yes  No
11. Does the applicant understand they must hold a Wisconsin Seller's Permit? [phone (608) 266-2776] .....  Yes  No
12. Does the applicant understand that they must purchase alcohol beverages only from Wisconsin wholesalers, breweries and brewpubs? .....  Yes  No

**READ CAREFULLY BEFORE SIGNING:** Under penalty provided by law, the applicant states that each of the above questions has been truthfully answered to the best of the knowledge of the signer. Any person who knowingly provides materially false information on this application may be required to forfeit not more than \$1,000. Signer agrees to operate this business according to law and that the rights and responsibilities conferred by the license(s), if granted, will not be assigned to another. (Individual applicants, or one member of a partnership applicant must sign; one corporate officer, one member/manager of Limited Liability Companies must sign.) Any lack of access to any portion of a licensed premises during inspection will be deemed a refusal to permit inspection. Such refusal is a misdemeanor and grounds for revocation of this license.

The above named individual provides the following information as a person who is (check one):

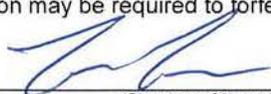

- Applying for an alcohol beverage license as an **individual**.
- A member of a **partnership** which is making application for an alcohol beverage license.
- Michael Hudec of Casual Joe's BBQ LLC  
(Officer / Director / Member / Manager / Agent) (Name of Corporation, Limited Liability Company or Nonprofit Organization)
- which is making application for an alcohol beverage license.

The above named individual provides the following information to the licensing authority:

1. How long have you continuously resided in Wisconsin prior to this date? 11 years
2. Have you ever been convicted of any offenses (other than traffic unrelated to alcohol beverages) for violation of any federal laws, any Wisconsin laws, any laws of any other states or ordinances of any county or municipality?  Yes  No  
 If yes, give law or ordinance violated, trial court, trial date and penalty imposed, and/or date, description and status of charges pending. (If more room is needed, continue on reverse side of this form.)
3. Are charges for any offenses presently pending against you (other than traffic unrelated to alcohol beverages) for violation of any federal laws, any Wisconsin laws, any laws of other states or ordinances of any county or municipality?  Yes  No  
 If yes, describe status of charges pending.
4. Do you hold, are you making application for or are you an officer, director or agent of a corporation/nonprofit organization or member/manager/agent of a limited liability company holding or applying for any other alcohol beverage license or permit?  Yes  No  
 If yes, identify. (Name, Location and Type of License/Permit)
5. Do you hold and/or are you an officer, director, stockholder, agent or employe of any person or corporation or member/manager/agent of a limited liability company holding or applying for a wholesale beer permit, brewery/winery permit or wholesale liquor, manufacturer or rectifier permit in the State of Wisconsin?  Yes  No  
 If yes, identify. (Name of Wholesale Licensee or Permittee) (Address By City and County)
6. Named individual must list in chronological order last two employers.

**READ CAREFULLY BEFORE SIGNING:** Under penalty provided by law, the undersigned states that each of the above questions has been truthfully answered to the best of the knowledge of the signer. The signer agrees that he/she is the person named in the foregoing application; that the applicant has read and made a complete answer to each question, and that the answers in each instance are true and correct. The undersigned further understands that any license issued contrary to Chapter 125 of the Wisconsin Statutes shall be void, and under penalty of state law, the applicant may be prosecuted for submitting false statements and affidavits in connection with this application. Any person who knowingly provides materially false information on this application may be required to forfeit not more than \$1,000.

  
 \_\_\_\_\_  
(Signature of Named Individual)

**ISSUANCE OF ‘CLASS B’ BEER AND LIQUOR LICENSE.** City Clerk Smith stated that three applicants have filed for the City’s one remaining Beer and Liquor License. The Alcohol Licensing Committee met prior to the council meeting to hear the requests from Day n Nite Cafe (for use at their existing resident at 162 W. Main Street); Blackthorne Scribe (Patrick Monaghan) for an Irish Pub to be developed at 108 W. Main Street; and Tyler Sailsbery for use at the business he is developing at 319 James Street (Casual Joe’s 2). It was reported by Alcohol Licensing Committee chairperson Abbott that the Alcohol Licensing Committee met and made the following recommendation: That the license be issued to Casual Joe’s 2 on the condition that the restaurant property (319 James) be rezoned as needed to operate the business and obtain a conditional use permit by January 31, 2014; and that the opening of the business and use of the liquor license occurs no later than March 31, 2014.

It was noted that the current ordinances require a business to use a liquor license within 60 days of its issuance. It was moved by Abbott and seconded by Bregant to issue a “Class B” Beer and Liquor License to Tyler Sailsbery d/b/a Casual Joe’s 2 conditioned upon Sailsbery obtaining a conditional use permit and rezone of the property at 319 James Street prior to January 31, 2014 as well as being in a position to use the liquor license by 3/31/14. The Committee ranked the liquor license applications in the following order: Casual Joe’s; Blackthorne Scribe and Day n Nite Cafe. It was noted that in this instance only, if Casual Joe’s 2 does not meet the conditions required, the license would automatically pass to Blackthorne Scribe LLC.

Residents Beverly Stone and David Stone of 303 W. Ann Street encouraged the Council to deny the Casual Joe’s 2 request as it would be detrimental to the neighborhood. The Stones requested that the Council wait until after the October 14<sup>th</sup> Plan Commission meeting, where the conditional use permit would be considered, prior to making a decision on the applications.

In response to Councilmember Binnie’s question, Clerk Smith confirmed that after population numbers are received from the State within the next few weeks, there is the possibility of the City being able to issue one additional Beer and Liquor License.

It was moved by Abbott and seconded by Bregant that the license be issued to Casual Joe’s 2 on the condition that the restaurant property (319 James) be rezoned as needed to operate the business and obtain a conditional use permit by January 31, 2014; and that the opening of the business and use of the liquor license occurs no later than March 31, 2014. to AYES: Singer, Bregant, Frawley, Abbott. NOES: Binnie, Kidd, Winship. ABSENT: None. Motion passed.

## Common Council Agenda Item

Meeting Date:	March 21, 2022
Agenda Item:	Alcohol license consideration – Whitewater Petroleum
Staff Contact (name, email, phone):	Chris Bennett – <a href="mailto:cbennett@whitewater-wi.gov">cbennett@whitewater-wi.gov</a> – (262) 473-0143

### BACKGROUND

(Enter the who, what when, where, why)

Mobin Ahmad is the proprietor of the Whitewater Petroleum Company at 804 W. Walworth Avenue in the City of Whitewater. The parcel is the site of a gas station, convenience store and commercial property that is currently vacant.

At its February 9 meeting the city's Alcohol Review and Licensing Committee recommended that the Common Council approve Mobin Ahmad's request for a Class "B" beer and liquor license. The Common Council tabled consideration of the matter at its February 21 meeting, pending the outcome of Ahmad's Conditional Use Permit application at the March 13 meeting of the Plan & Architectural Review Commission.

At its March 13 meeting the PARC approved Ahmad's CUP application to serve liquor by the drink under a Class "B" beer and liquor license. The PARC approved the CUP with all of the conditions listed in the Planner's Report, and stipulated Ahmad may serve alcohol by the drink until 12 a.m. Friday and Saturday and until 10 p.m. Sunday through Thursday.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

See above.

### FINANCIAL IMPACT

(If none, state N/A)

Whatever fees the city collects for Ahmad's license.

### STAFF RECOMMENDATION

Adopt the recommendations of the ALRC and PARC. This will grant Ahmad the ability to serve alcohol by the drink until 12 a.m. Friday and Saturday and until 10 p.m. Sunday through Thursday.

**M E M O R A N D U M**

To: City of Whitewater Plan and Architectural Review Commission

From: Chris Bennett, Director of Neighborhood Services

Date: March 13, 2022

Re: **Item # 5:** Public hearing for a proposed Conditional Use Permit to sell and serve beer and liquor by the drink (For a “Class B” Liquor License) at 804 W. Walworth Avenue, Parcel #BIR 00014, for Mobin Ahmad.

<b>Summary of Request</b>	
<b>Requested Approvals:</b>	Conditional Use Permit (CUP) to serve alcohol by the drink (“Class B” Beer and Liquor License)
<b>Location:</b>	804 W. Walworth Avenue (Tax Key:/BIR 00014)
<b>Current Land Use:</b>	Retail & Gas Station
<b>Proposed Land Use:</b>	Retail & Gas Station
<b>Current Zoning:</b>	B-1 Community Business
<b>Proposed Zoning:</b>	Same
<b>Future Land Use, Comprehensive Plan:</b>	Community Business

**Description of the Proposal:**

Mobin Ahmad is the proprietor of the Whitewater Petroleum Company at 804 W. Walworth Avenue in the City of Whitewater. The parcel is the site of a gas station, convenience store and commercial property that is currently vacant.

Ahmad submitted a CUP application to serve alcohol by the drink at the establishment under a “Class B” beer and liquor license.

Ahmad previously applied for a “Class B” beer and liquor license. At its February 9 meeting the city’s Alcohol Review and Licensing Committee recommended that the Common Council approve Ahmad’s request.

At its February 21 meeting the Common Council tabled consideration of the ARLC’s decision, pending approval of Ahmad’s CUP. The Common Council is expected to render a decision, if necessary, on Ahmad’s license application at its March 21 meeting.

Ahmad is planning changes to the interior of the store. Ahmad is planning for an area on the east side of the store where hot food will be served and where liquor and beer will be available, along with some seating.

The sale of alcohol by the glass or bottle is appropriate for this location. Alcohol service is going to be incidental to the food service, and this is likely not going to be an establishment where people come only to drink. There is little reason to expect negative impacts to nearby properties.

### **PLANNER'S RECOMMENDATIONS**

The city recommends the Plan and Architectural Review Commission approve Ahmad's Conditional Use Permit application, subject to the following conditions:

1. The conditional use permit shall run with the business owner and not the land. Any change in business ownership will first require approval of a conditional use permit amendment.
2. No alcohol is to be served outside the hours provided for by statute per the "Class B" beer and liquor license.
3. Alcohol is not to be carried or served outside unless the applicant applies for and receives a sidewalk café permit. Alcohol may be served inside the facility until the restaurant closes in the evening, or until bar time, whichever is earlier.
4. Maximum occupancy is to be established in consult with the fire inspector, fire chief and building inspector.
5. The property shall comply at all times with the city's noise and occupancy ordinances, and may be inspected by the city at any time to ensure such compliance.
6. The applicant must comply with all conditions and statutes applicable to a "Class B" beer and liquor license.
7. Any additional conditions added by the PARC.

**SUGGESTED FINDINGS TO BE MADE BY THE PLAN COMMISSION**

Conditional Use Permits are required to be reviewed in relation to a set of standard criteria presented in the Zoning Ordinance (Section 19.66.050). See the following page for suggested findings:

<b>Analysis of Proposed Conditional Use Permit for: 804 W. Walworth Avenue (Tax Key:/BIR 00014)</b>		
<i>Conditional Use Permit Review Standards per Section 19.66.050:</i>		
STANDARD	EVALUATION	COMMENTS
1. The establishment, maintenance, or operation of the conditional use will not create a nuisance for neighboring uses or substantially reduce the values of property.	Yes	Property is well-maintained with ample parking. Serving alcohol by the glass at this facility will not depress surrounding property values.
2. Adequate utilities, access roads, parking, drainage, landscaping, and other necessary site improvements are being provided.	Yes	All regulations are complied with. No concern from the city.
3. The conditional use conforms to all applicable regulations of the district in which it is located, unless otherwise specifically exempted in this ordinance or through variance.	Yes	All regulations are complied with. No concern from the city.
4. The conditional use conforms to the purpose and intent of the city master (comprehensive) plan.	Yes	The proposed use is consistent with the Comprehensive Plan.
5. The conditional use and structures are consistent with sound planning and zoning principles.	Yes	The proposed use is consistent with the Comprehensive Plan.

## CONDITIONAL USE PERMIT

Plan Commission Meeting Date: March 13, 2023  
Property Owner: Mobin Ahmad  
Applicant: Whitewater Petroleum Company by Mobin Ahmad  
Property ID Number: /BIR 00014  
Property Address: 804 W Walworth Avenue  
Whitewater, WI 53190

### **REGARDING:**

Approval of a Conditional Use Permit to sell and serve beer and liquor (For a Class "B" Liquor License) at 804 W. Walworth Avenue, Parcel #BIR 00014, for Mobin Ahmad.

Approved subject to the following conditions:

1. The conditional use permit shall run with the business owner and not the land. Any change in business ownership will first require approval of a conditional use permit amendment.
2. No alcohol is to be served outside the hours provided for by statute per the "Class B" beer and liquor license.
3. Alcohol is not to be carried or served outside unless the applicant applies for and receives a sidewalk café permit. Alcohol may be served inside the facility until the restaurant closes in the evening, or until bar time, whichever is earlier.
4. Maximum occupancy is to be established in consult with the fire inspector, fire chief and building inspector.
5. The property shall comply at all times with the city's noise and occupancy ordinances, and may be inspected by the city at any time to ensure such compliance.
6. The applicant must comply with all conditions and statutes applicable to a "Class B" beer and liquor license.
7. Alcohol by the drink can be sold until 12 a.m. Friday and Saturday and 11 p.m. Sunday through Thursday.
8. Any additional conditions added by the PARC.

WHITEWATER POLICE DEPARTMENT  
INTEROFFICE MEMORANDUM

---

---

TO: Common Council

FROM: Chief Dan Meyer

SUBJECT: Class B Licensing Considerations

DATE: March 17, 2023

CC:

---

In preparation for the March 21<sup>st</sup> Common Council meeting, the following questions were posed:

**1) Would an establishment that currently permits entry to adolescents be required to alter their operations if granted a Class B license?**

According to the Wisconsin Department of Revenue, gas stations cannot legally obtain a Class B license. Wis. Stat. 125.32(3m) prohibits a Class B license from being issued to a premise where any other business (besides that of the service and sale of alcohol beverages) occurs. There are several exceptions listed including restaurants and hotels, however "gas station" or "convenience store" are not included as exceptions.

Another item to note is that according to the Wisconsin Department of Revenue, a recent trend has developed where gas stations are requesting Class B licenses due to lesser penalties being associated with establishments having gambling machines in them if they have a Class B license rather than a Class A as outlined in Wis. Stat. 945.03(2m).

**2) Whitewater ordinance 5.20.030(a)(3) states "Any licensed premise shall provide by clear glass window a clear view into the entire licensed premises. There shall be no partitions, boxes, stalls, screens, curtains or any other devices which shall obstruct the view of the room from the general observation of persons; provided, however, that partitions, subdivisions, or panels not higher than forty-eight inches from the floor shall not be construed as in conflict with the foregoing. But such partitions, boxes, stalls, screens, curtains, or other devices shall not be so constructed as to interfere with the clear view of the entire premises."**

**Does Whitewater Petroleum Co. meet that standard?**

Whitewater Petroleum Co. does not currently meet the standard required in ordinance. There are multiple obstructions that prevent general observation of the premises. There also appears to be a film or tint on the windows.

**To:** Dan Meyer  
**Cc:** Dorn, Erin E - DOR  
**Subject:** RE: Class B Licenses

**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hey Dan,

Correct, there is no specific language that allows for underage persons to be on a gas station or convenience store premises that is issued a Class "B" license. The presence of anyone under 21 unaccompanied by an of-age parent/guardian/spouse would be illegal.

The other thing that I failed to mention earlier, which is likely going to be an even more important factor is [Sec. 125.32\(3m\), Wis. Stats.](#) This section prohibits a Class "B" license from being issued to a premises where any other business (besides that of the service and sale of alcohol beverages) occurs. Again there are several exceptions listed in this section for businesses such as restaurants, hotels, etc., but "gas station" or "convenience store" are not included as exceptions. Because of this, issuing a Class "B" license to a premises that also operates as a gas station or convenience store would violate this section. (There are no similar business restrictions for Class "A" licenses).

Hopefully that makes sense, but please let me know if you need anything more from me on this. I don't have any problem with you including my emails in the information going to the city council. I've cc'd Agent Erin Dorn from my unit as the Walworth County agent to keep her in the loop on this as well.

Please reach out if we can help further.

Thanks,

Thank you Derrick; that info is very helpful. Just to make sure I'm interpreting it correctly...because there is no exception specifically granted to gas stations, then presence there for anyone under 21 would be illegal for those unaccompanied by an of-age parent/guardian/spouse (assuming they were issued the Class B)?

Would you be opposed to me including your email in my information to the council? No problem if you prefer that I don't, I just think it may carry more weight coming directly from you due to your position and knowledge on the topic.

Thanks again,  
Dan

**Subject:** Class B Licenses

**CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.**

Hi Dan,

Nice talking to you earlier. I know there are municipalities that have issued "Class B" licenses to conveniences stores; but from our perspective, we would generally discourage this type of licensing as it really is not the intent of the

law and can lead to other compliance issues in terms of hours of operation, presence of underage individuals on the premises, etc.

I looked through the exceptions for unaccompanied underage individuals being present on a "Class B" or Class "B" licensed premises. I do not see anything that explicitly mentions a "convenience store" or "gas station." [Sec. 125.07\(3\)\(a\)3, Wis. Stats.](#) provides multiple exemptions to include "grocery stores" and "service stations." Unfortunately Chapter 125 does not provide further definitions for these terms, so municipalities are left to determine the meaning here and if that would apply to the particular business in question. (Unfortunately 125 is full in situations like this that leave things open to interpretation). Besides this, I don't see any other possible exceptions that would appear to be relevant in this situation.

The biggest push that we have seen for traditional "Class A" establishments wanting to switch to "Class B" licenses is a result of the differing penalty for video gambling machines on a Class "B" premises. [Sec. 945.03\(2m\), Wis. Stats.](#) details the lesser penalty for commercial gambling when there are up to five video gambling machines on a Class "B" or "Class B" premises. All other offenses (to include on a "Class A" premises) are considered a Class I Felony.

Please let me know if there is anything else that I can help you with on this.

Best,

**Derrick Schleis**

## Council Agenda Item

Meeting Date: March 21, 2023

Agenda Item: Clear Path/Terra Focus Presentation

Staff Contact (name, email, phone): Brad Marquardt, [bmarquardt@whitewater-wi.gov](mailto:bmarquardt@whitewater-wi.gov), 262-473-0139

### BACKGROUND

(Enter the who, what when, where, why)

Staff was approached by representatives from Terra Focus and Clear Path regarding the potential use of the old landfill site at the north end of Jefferson Street for construction of a solar energy farm. Please see Kristen Fish-Peterson's attached memo for a more detailed synopsis. Representatives will be at the council meeting to provide a presentation and gauge interest from the Council on proceeding. A copy of the presentation will be provided at the Council meeting.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

N/A

### FINANCIAL IMPACT

(If none, state N/A)

Fiscal impacts would need to be worked out, but could include: cost reduction for electricity in city owned buildings, option payment during due diligence, land lease payment, and payment in lieu of taxes.

### STAFF RECOMMENDATION

Staff's recommendation is for Council to direct staff to continue working with Clear Path/Terra Focus on developing an Agreement to move forward with the solar energy farm.

### ATTACHMENT(S) INCLUDED

1. Kristen Fish-Peterson Memo

March 13, 2023

To: John Weidl, City Manager

From: Kristen Fish-Peterson, CEcD, EDFP, Redevelopment Resources

Re: Solar Project for Whitewater

The City was approached by ClearPath Energy via TerraFocus (green energy government relations firm) to discuss use of Whitewater's closed landfill for a solar photovoltaics (PV) and energy storage project. City staff met with this developer's rep who is looking at creating a solar energy farm and integrating that into WE Energies existing electrical grid. WE Energies, the WDNR, and State Legislature are open to this concept and are looking at existing brownfields and closed landfills across the State with access to the power grid as a starting point for identifying potential communities. Whitewater has been targeted as a community of interest as its closed landfill is adjacent to stage 3 power distribution owned by WE Energies and the landfill has been closed for around 20 years.

Conceivably the City will be able to access power for slightly less (approximately 10%) than it is currently paying for it from WE Energies. The City would also receive an option payment, a subsequent lease payment, and a negotiated payment in lieu of taxes (PILOT) if the development comes to fruition.

The Developer would be gaining critical mass of power consumption users to justify starting the project.

### **Research - ClearPath Energy**

ClearPath Energy's leadership team has experience with multiple solar companies over multiple years. The top executives have experience ranging from 1-3 years with between 3-5 different solar companies each, according to their LinkedIn profiles.

ClearPath Energy lists five solar projects in Massachusetts, all on private property, which were completed over the last ten years.

There are also seven projects in NY which are promoted as being targeted for completion in October of 2022 based on the web site.

I met with Jeffrey Brown of TerraFocus and he explained through the federal Inflation Reduction Act, there are tax credit incentives for developers of solar projects such as this. The WI DNR is identifying municipalities who have landfills which have been closed (and in Whitewater's case) near power infrastructure. Whitewater's landfill rose to the top of the DNR's screening process as a prime opportunity for the community to utilize this land for solar energy infrastructure.

There is additional incentive for the developer to use domestically produced solar equipment.

These incentives would help a project like this become a reality, as there is not a significant profit margin in the projects. According to Jeffrey Brown, capital expenditures would be approximately \$13 million for the developer.

The project would produce approximately 6–7 megawatts of electricity. This would be enough to support the needs of the City's buildings, the school district's buildings and the properties owned by UW Whitewater.

Another component to this project could potentially be EV charging stations in the City and on campus.

### **Benefits to Whitewater**

1. Project is designed, developed, constructed, owned and operated by ClearPath Energy
2. Productive use of existing landfill (which is not productive for the City now)
3. Option payment during due diligence
4. Land lease payment during life of the project
5. Payment in lieu of taxes (amount TBD)
6. Decreased energy costs for the City, School District and University
7. Being the first community in Wisconsin to implement this type of partnership for clean energy
8. There is no negative fiscal impact to the City
9. City can facilitate energy savings for School District and University

### **Risks to Whitewater**

1. This would be ClearPath Energy's first project in Wisconsin but that doesn't necessarily pose a risk to Whitewater

## Council Agenda Item

Meeting Date: March 21, 2023

Agenda Item: Southwest Water Main Bid

Staff Contact (name, email, phone): Brad Marquardt, [bmarquardt@whitewater-wi.gov](mailto:bmarquardt@whitewater-wi.gov), 262-473-0139

### BACKGROUND

(Enter the who, what when, where, why)

The Southwest Water Main Extension Project was advertised for bids on January 26 and February 2, 2023 with a bid opening on February 14, 2023. Seven bids were received with the low bid from Forest Landscaping & Construction. The project consists of extending water main from the dead-end water main by the new water tower, east along the Highway 12 right of way to another dead-end water main just west of the railroads tracks adjacent to Highway 59. The looping of the two dead-end water mains will help with pressure consistency, water quality and resilience in case of a water main break. The seven bids are shown in the attachment.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

Council approved the project as a Capital Improvement Project in the 2019 budget. The Public Works Committee recommended accepting the low bid from Forest Landscaping & Construction Inc for the Ductile Iron pipe Base Bid.

### FINANCIAL IMPACT

(If none, state N/A)

\$575,000 was included in the budget for design, construction and inspection. \$520,000 was designated coming from TID 13 and the remaining \$55,000 from water revenue bonds. The low bid of \$451,700 is within budget.

### STAFF RECOMMENDATION

Staff recommends awarding the contract to Forest Landscaping & Construction Inc. in the amount of \$451,700 for the ductile iron bid price.

Re: Southwest Water Main Extension  
Contract 1-2023  
City of Whitewater, Wisconsin

Dear Brad,

Bids for the above-referenced Project were opened on February 14, 2023. Seven Bids were received with the resulting Bid tabulation enclosed.

Forest Landscaping and Construction, Inc. of Lake Mills, Wisconsin, was the apparent low Bidder for the Base Bid with a Bid of \$451,700. The Bid included a Bid Bond for 10 percent and Addendum No. 1 was acknowledged. The Bid is deemed to be responsive.

Strand Associates, Inc.® has previously worked with Forest Landscaping and Construction, Inc. on projects for the City of Whitewater, City of Stoughton, and City of Lake Mills. For those projects, the owners determined Forest Landscaping and Construction, Inc. to be responsible.

Wondra Construction, Inc. of Iron Ridge, Wisconsin, was the apparent low Bidder for the Base Bid plus Alternative Bid No. 1 with a combined total Bid of \$431,053. The Bid included a Bid Bond for 10 percent and Addendum No. 1 was acknowledged. The Bid is deemed to be responsive.

Strand Associates, Inc.® has not had previous experience with Wondra Construction, Inc.

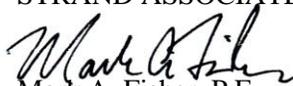

The Base Bid includes use of ductile iron water main materials. Alternative Bid No. 1 includes the use of PVC water main materials.

The permit from the Wisconsin Department of Transportation for installation of the water main within the US 12 right-of-way has not yet been received. Once the permit is received, we recommend proceeding with award of the Contract in accordance with Article 18 of the Instructions to Bidders.

Please contact me at 608-251-4843 with any questions regarding this project.

Sincerely,

STRAND ASSOCIATES, INC.®

Mark A. Fisher, P.E.

## Council Agenda Item

Meeting Date:	March 21, 2023
Agenda Item:	Howard Road
Staff Contact (name, email, phone):	Brad Marquardt, <a href="mailto:bmarquardt@whitewater-wi.gov">bmarquardt@whitewater-wi.gov</a> , 262-473-0139

### BACKGROUND

(Enter the who, what when, where, why)

The Town of Cold Spring is planning on repaving Howard Road from STH 59 to the Walworth County line in the summer of 2023. They plan on advertising in late March with a bid opening in April. The majority of Howard Road is half in the City and half in the Township with pockets where the full right-of-way is in the Township. The City is responsible for the portions within the City limits. It makes sense from a construction stand point and fiscally that the City's portion is completed at the same time as the Township's.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

At the March 14, 2023 Public Works Committee meeting, the Committee recommended that staff work with the Town of Cold Spring on the paving of Howard Road with the City reimbursing the Town for the City's respective costs.

### FINANCIAL IMPACT

(If none, state N/A)

The Town of Cold Spring has not bid this project out yet. The Town is estimating a cost of around \$260,000 based on last year's Cold Spring Road Project with the City's estimated cost at \$130,000. There are sufficient funds in Fund 280-Street Repairs to pay for this improvement. In comparison, the estimate from the State Municipal Agreement showed the Town and the City responsible for \$167,000 (\$85,000 City responsibility). However, this did not include design costs, which would be over \$100,000 (\$50,000+ City responsibility).

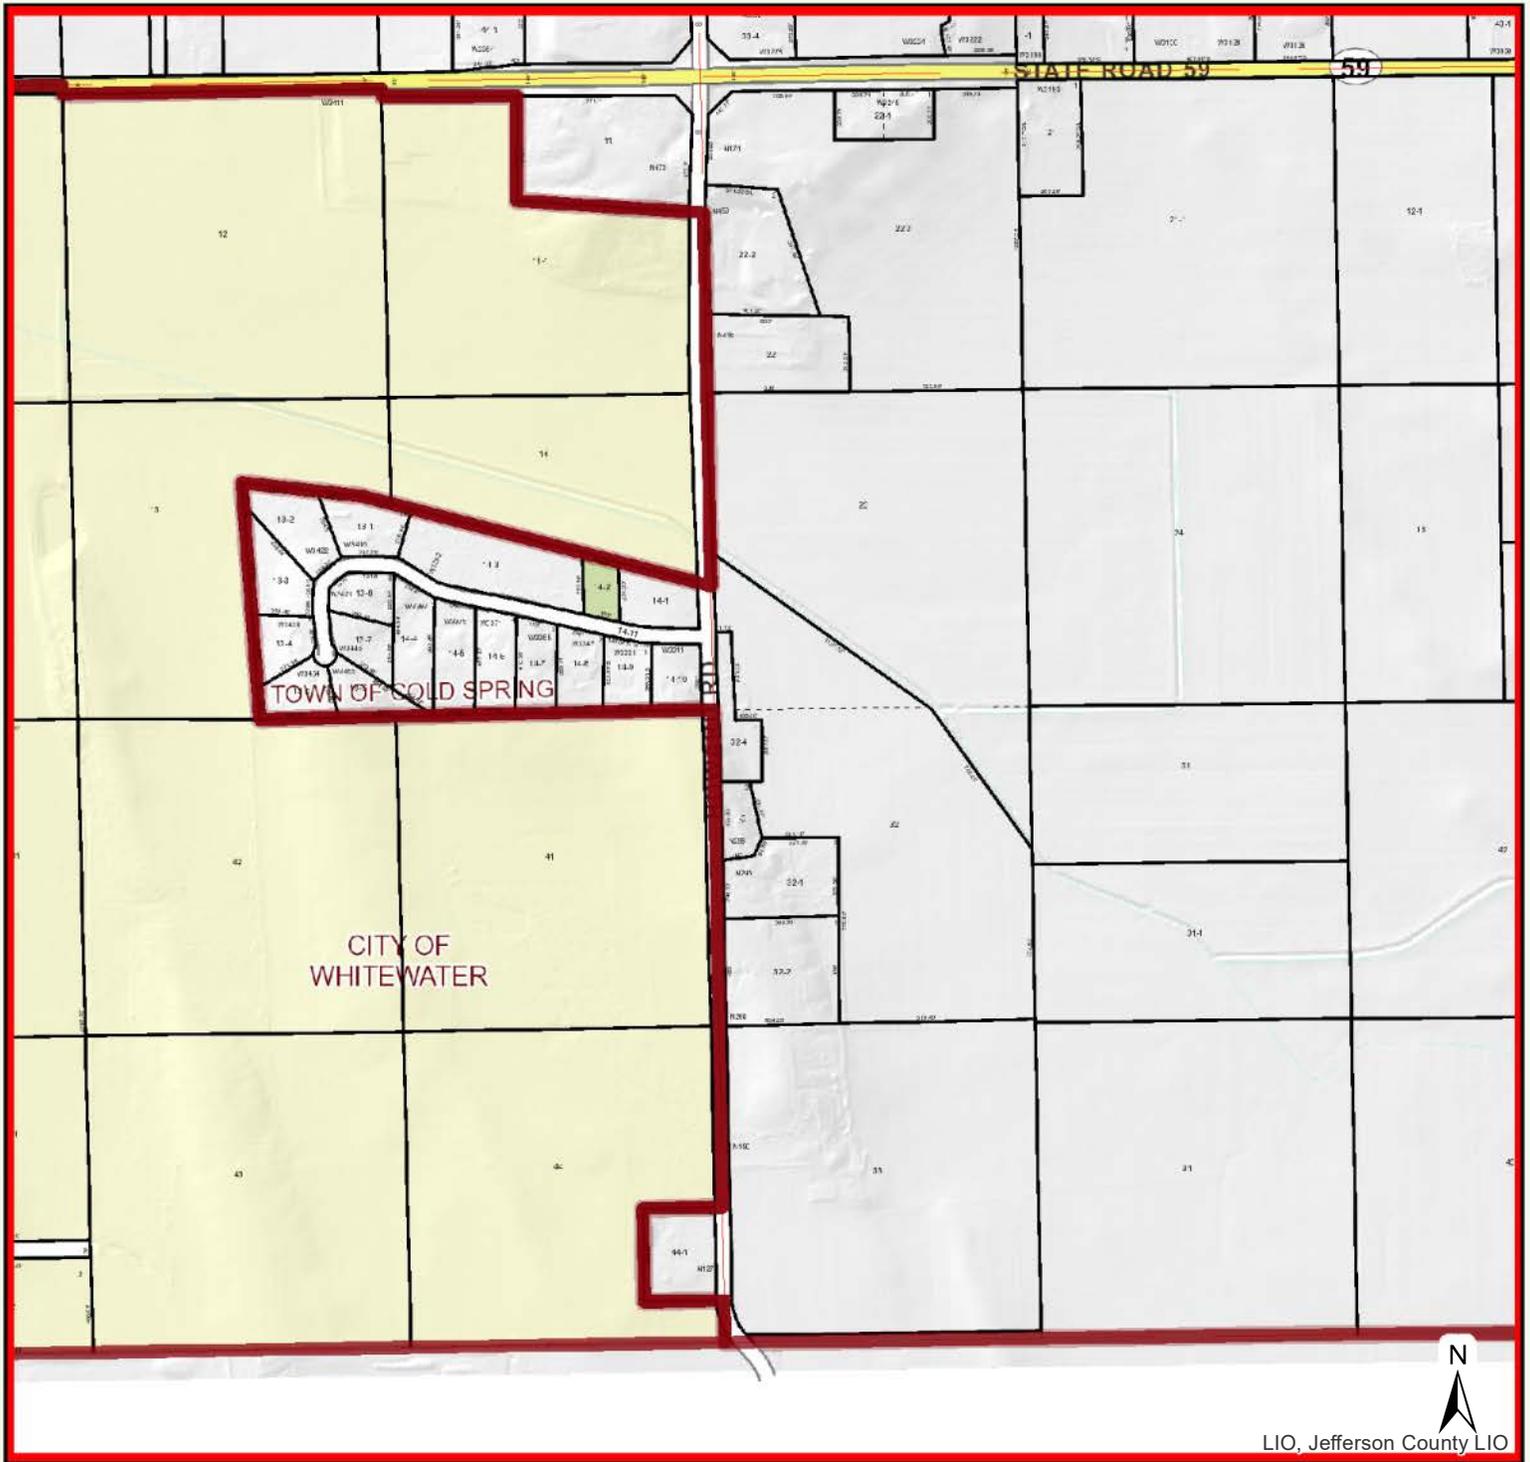

### STAFF RECOMMENDATION

Staff had Howard Road on their street maintenance list based on its pavement condition. Based on a past agreement, the Township is responsible to initiate the timing of when the street would be repaved. Staff sees this as a win-win for the City and Town, even if the low bid is higher than the Town's estimate. Staff's recommendation is for Council to approve staff to work with the Town of Cold Spring on the repaving of Howard Road and authorize staff to reimburse the Town of Cold Spring for the City's prorated construction costs.

## Council Agenda Item

Meeting Date:	March 21, 2023
Agenda Item:	Strand Task Order 23-04, North Side Water Main Extension
Staff Contact (name, email, phone):	Brad Marquardt, <a href="mailto:bmarquardt@whitewater-wi.gov">bmarquardt@whitewater-wi.gov</a> , 262-473-0139

### BACKGROUND

(Enter the who, what when, where, why)

With the recent fire at Johns Disposal and dealing with water quality issues with their private well, Johns Disposal has requested water main be extended to their site. The project would tie into the watermain that feeds WE Energies (formerly LSP) on the west side of their property and extend the watermain to approximately the east property line of Johns Disposal. The watermain would also provide service to the Wastewater Facility. This extension is part of a looping water main that would tie this watermain in with the watermain by Generac. This looping project was identified as a top priority in the 2017 Water System Study Report. Strand's Task Order is to provide engineering services to design and provide bidding documents for approximately 2,300 feet of watermain. The remaining portion of the looping watermain will be submitted in upcoming CIP years.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

The Public Works Committee recommended approval of Strand Task Order 23-04 at their March 14, 2023 meeting.

### FINANCIAL IMPACT

(If none, state N/A)

The estimated fee based on an hourly rate plus expenses is not to exceed \$43,000. While money was not specifically budgeted for this project in 2023, money was already borrowed for the Vanderlip lift station project which was not awarded. Staff is in the process of securing additional funding for the Vanderlip project through the DNR Clean Water Fund. Funds for the Vanderlip project can be reallocated to the North Side Water Main Extension project. Johns Disposal and the Wastewater Facility will be responsible for a portion of the design and construction costs through special assessments.

### STAFF RECOMMENDATION

Staff recommends approval of Strand Task Order 23-04.

## DRAFT

Task Order No. 23-04  
City of Whitewater, Wisconsin (OWNER)  
and Strand Associates, Inc.® (ENGINEER)  
Pursuant to Agreement for Technical Services dated December 30, 2020

### Project Information

Project Name: North Side Water Main Extension

Project Description: Construction of new water main on north side of the city.

Services Description: Design and bidding-related services

### Scope of Services

ENGINEER will provide the following services to OWNER.

#### Design Services

1. Provide topographic survey of the approximately 2,300-linear-foot corridor between the existing water main on the We Energies property and the northeast corner of the wastewater treatment plant facility property. Topographic survey will include existing features, property irons, and utilities (as located by others).
2. Assist OWNER with procuring geotechnical services for soil borings in the project corridor. OWNER shall contract directly with the geotechnical firm.
3. Design new water main in the corridor and prepare plan and profile drawings.
4. Assist OWNER with communication with utility companies regarding relocation or modification of existing utility infrastructure within the project corridor.
5. Prepare one easement description and exhibit for water main construction on the We Energies property. OWNER shall provide a current title search and provide services needed to obtain the required easement.
6. Prepare erosion control drawings. Submit an erosion control permit application to the Wisconsin Department of Natural Resources (WDNR) for approval.
7. Prepare Wetland Permit for temporary wetland disturbance and submit to WDNR using wetland delineation provided by OWNER.
8. Submit final drawings, technical specifications, and water main extension forms to WDNR for approval.
9. Participate in up to two meetings with OWNER to discuss the project.

# CLIENT REVIEW

Strand Associates, Inc.®

City of Whitewater  
Task Order No. 23-04

Page 2  
**DATE**

## DRAFT

10. Prepare Bidding Documents using Engineers Joint Contract Documents Committee C-700 Standard General Conditions of the Construction Contract, 2018 edition, technical specifications, and engineering drawings.
11. Submit Bidding Documents to OWNER for review and approval. Revise Bidding Documents to address OWNER's comments, as appropriate, and prepare final Bidding Documents.
12. Prepare a prebid opinion of probable construction cost and submit to OWNER.

### Bidding-Related Services

1. Distribute Bidding Documents electronically through QuestCDN, available at www.strand.com and www.questcdn.com. Submit Advertisement to Bid to OWNER for publishing.
2. Prepare addenda and answer questions during bidding.
3. Attend bid opening, tabulate, and analyze bid results, and assist OWNER in the award of the Construction Contract.
4. Prepare up to three sets of Contract Documents for signature.

### **Compensation**

OWNER shall compensate ENGINEER for Services under this Task Order on an hourly rate basis plus expenses an estimated fee not to exceed \$43,000.

### **Schedule**

Services will begin upon execution of this Task Order, which is anticipated the week of March 20, 2023. Services are scheduled for completion on December 29, 2023.

### TASK ORDER AUTHORIZATION AND ACCEPTANCE:

ENGINEER:

## Council Agenda Item

Meeting Date: March 21, 2023

Agenda Item: Johns Disposal Easement Request

Staff Contact (name, email, phone): Brad Marquardt, [bmarquardt@whitewater-wi.gov](mailto:bmarquardt@whitewater-wi.gov), 262-473-0139

### BACKGROUND

(Enter the who, what when, where, why)

Johns is in the process of developing plans for an office expansion at their site located at 107 Highway U. They are requesting a 30-foot easement from the City (Wastewater Utility) in order to provide a driving aisle for parking associated with the office expansion. The encroachment is along the private driveway which is owned by the City (Wastewater Utility) but is shared by Johns Disposal and WE Energies. To be clear, the driveway is not located in public right-of-way. Please see the attached Letter Requesting Easement and Site Plan for more information.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

The Public Works Committee recommended approval of the easement at their March 14, 2023 meeting.

### FINANCIAL IMPACT

(If none, state N/A)

There is no fiscal impact for granting the easement.

### STAFF RECOMMENDATION

Johns routinely has vehicles parked along the edge of the private driveway. They mow and maintain their side of the private driveway from Highway U south to the Wastewater fence. While it should not be the norm for the City to provide easements for above ground improvements, staff does not see an issue with granting this easement. Staff would recommend granting the easement, contingent upon Plan Board approval of the office building.

Re: Johns Disposal  
74560 Johns Disposal - Whitewater Office Building 2022

Page 1 of 1

Dear Brad:

Johns Disposal at 107 Highway U in Whitewater is in the process of developing plans to expand their offices by building an addition onto their current office building to the north. Their current office building is on the west side of the property along the private drive off of Highway U. The property's main entrance is just south of this office building and is the only vehicle entrance onto the property. The addition to the building itself is set back 30' from the property line, but Johns Disposal is seeking an easement to provide a drive aisle that encroaches on the property line. Please see drawing C101 attached that shows the proposed parking configuration on the site including the drive aisle that extends past the property line.

The new drive aisle would be an extension of the pavement that is already existing on the site and would extend approximately 17' beyond the property line and if screening is required for the parking then an additional 13' is requested for a total of 30'. This drive aisle would match the current edge of pavement that is currently existing on their parking lot immediately to the west of their current office building. The street in question that this drive aisle and parking would be visible from is a private drive that is maintained by the three entities on the drive in equal share. The current parking configuration will allow Johns Disposal to create a separate entrance for their employee's vehicles, so that safety is improved as it will separate out the large semi and garbage truck traffic from the employee vehicles. The location of the parking is important as it will provide much needed parking immediately adjacent to the new office to prevent unnecessary pedestrian traffic across the rest of the site where semis and garbage trucks are constantly driving. Johns Disposal's desired parking location is also dictated by the need for parking to remain out of the wetland areas on the site so that those areas are undisturbed.

Our goal is to maximize the parking to the north and west of the office building which is only possible if an easement is granted from the City of Whitewater for 30' beyond the property line for a drive aisle and screening. This easement would provide access to much needed parking on the site while improving both vehicle and pedestrian traffic. If you have any questions please contact myself at [b.langfoss@angusyoung.com](mailto:b.langfoss@angusyoung.com) or (608) 756-2326.

Sincerely,

Britten Langfoss, Designer

## Council Agenda Item

Meeting Date: March 21, 2023

Agenda Item: Southwest Water Main Bid

Staff Contact (name, email, phone): Brad Marquardt, [bmarquardt@whitewater-wi.gov](mailto:bmarquardt@whitewater-wi.gov), 262-473-0139

### BACKGROUND

(Enter the who, what when, where, why)

The Southwest Water Main Extension Project was advertised for bids on January 26 and February 2, 2023 with a bid opening on February 14, 2023. Seven bids were received with the low bid from Forest Landscaping & Construction. The project consists of extending water main from the dead-end water main by the new water tower, east along the Highway 12 right of way to another dead-end water main just west of the railroads tracks adjacent to Highway 59. The looping of the two dead-end water mains will help with pressure consistency, water quality and resilience in case of a water main break. The seven bids are shown in the attachment.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

Council approved the project as a Capital Improvement Project in the 2019 budget. The Public Works Committee recommended accepting the low bid from Forest Landscaping & Construction Inc for the Ductile Iron pipe Base Bid.

### FINANCIAL IMPACT

(If none, state N/A)

\$575,000 was included in the budget for design, construction and inspection. \$520,000 was designated coming from TID 13 and the remaining \$55,000 from water revenue bonds. The low bid of \$451,700 is within budget.

### STAFF RECOMMENDATION

Staff recommends awarding the contract to Forest Landscaping & Construction Inc. in the amount of \$451,700 for the ductile iron bid price.

Re: Southwest Water Main Extension  
Contract 1-2023  
City of Whitewater, Wisconsin

Dear Brad,

Bids for the above-referenced Project were opened on February 14, 2023. Seven Bids were received with the resulting Bid tabulation enclosed.

Forest Landscaping and Construction, Inc. of Lake Mills, Wisconsin, was the apparent low Bidder for the Base Bid with a Bid of \$451,700. The Bid included a Bid Bond for 10 percent and Addendum No. 1 was acknowledged. The Bid is deemed to be responsive.

Strand Associates, Inc.® has previously worked with Forest Landscaping and Construction, Inc. on projects for the City of Whitewater, City of Stoughton, and City of Lake Mills. For those projects, the owners determined Forest Landscaping and Construction, Inc. to be responsible.

Wondra Construction, Inc. of Iron Ridge, Wisconsin, was the apparent low Bidder for the Base Bid plus Alternative Bid No. 1 with a combined total Bid of \$431,053. The Bid included a Bid Bond for 10 percent and Addendum No. 1 was acknowledged. The Bid is deemed to be responsive.

Strand Associates, Inc.® has not had previous experience with Wondra Construction, Inc.

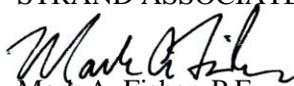

The Base Bid includes use of ductile iron water main materials. Alternative Bid No. 1 includes the use of PVC water main materials.

The permit from the Wisconsin Department of Transportation for installation of the water main within the US 12 right-of-way has not yet been received. Once the permit is received, we recommend proceeding with award of the Contract in accordance with Article 18 of the Instructions to Bidders.

Please contact me at 608-251-4843 with any questions regarding this project.

Sincerely,

STRAND ASSOCIATES, INC.®

Mark A. Fisher, P.E.

## Council Agenda Item

Meeting Date: March 21, 2023

Agenda Item: Strand Task Order 23-06, Walworth Avenue

Staff Contact (name, email, phone): Brad Marquardt, [bmarquardt@whitewater-wi.gov](mailto:bmarquardt@whitewater-wi.gov), 262-473-0139

### BACKGROUND

(Enter the who, what when, where, why)

The City is receiving Federal funding through the Bipartisan Infrastructure Law for the repaving of Walworth Avenue from Janesville Street to the Rock/Walworth County line. Due to the Federal funding, the design of Walworth Avenue must follow the Wisconsin Department of Transportation's procedures for plans, specifications and estimates, known as the PSE package. Strand's Task Order includes work related to Design Reports, Environmental Documentation, Agency Review, Utility Coordination, Public Involvement, Surveys, Road Drawings, Temporary Limited Easement Acquisition, Meetings and the final assemblage of the PSE package, all of which are requirements.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

The Common Council approved the State Municipal Agreement at their February 7, 2023 meeting. The Public Works recommended approval of the Task Order at their March 14, 2023 meeting.

### FINANCIAL IMPACT

(If none, state N/A)

The estimated, not to exceed, cost to complete the above required tasks is \$296,000. This project was not specifically listed in the 2022/2023 budget and therefore is not budgeted for at this time. However, there is sufficient money in Fund 280-Street Repairs to start to pay for the design. The design will take until November 2024 to complete. Future discussion on budgeting and possible TID involvement will take place during the upcoming budget discussions for 2024.

### STAFF RECOMMENDATION

Staff recommends approval of Strand Task Order 23-06, Walworth Avenue design.

### ATTACHMENT(S) INCLUDED

(If none, state N/A)

Task Order No. 23-06

City of Whitewater, Wisconsin (OWNER)

and Strand Associates, Inc.® (ENGINEER)

Pursuant to Agreement for Technical Services dated December 30, 2020

### **Project Information**

Project Name: Walworth Avenue Reconstruction—Bipartisan Infrastructure Law (BIL)-Funded

Project Description: Street reconstruction of Walworth Avenue from 500 feet west of USH 12 to South Janesville Street.

Services Description: Design services for development of Wisconsin Department of Transportation (DEPARTMENT) plan, specification and estimate (PS&E) package for Walworth Avenue Reconstruction project.

### **Scope of Services**

ENGINEER will provide the following services to OWNER.

#### Design Reports

1. Prepare a traffic forecast and submit to OWNER for approval.
2. Prepare a pavement design report in accordance with DEPARTMENT's Facilities Development Manual (MANUAL) and submit to OWNER for approval.
3. Prepare a Type 2 Transportation Management Plan (TMP) in accordance with the MANUAL for 60 percent approval by DEPARTMENT. Update the Type 2 TMP for 90 percent approval by DEPARTMENT.
4. Prepare a Perpetuation Design Study Report in accordance with the MANUAL and submit to OWNER for recommendation and to DEPARTMENT for concurrence.

#### Environmental Documentation

1. Prepare a categorical exclusion checklist (CEC) environmental document for the project in accordance with the MANUAL and Chapter TRANS 400 of the Wisconsin State Administrative Code. Submit the CEC to OWNER and DEPARTMENT for approval.
2. Prepare a technical memorandum summarizing Phase 1 hazardous materials assessment review for the project corridor. The technical memorandum will summarize the review of readily available online historical mapping and aerial photographs as well as Wisconsin Department of Natural Resources (WDNR) databases of remediation sites, contaminated sites, spills, storage tanks, and landfills. List sites of concern identified along the project corridor in a table. Prepare site summary forms for sites visited. Provide supporting documentation as attachments to the memorandum. Request direction from OWNER prior to conducting further evaluation studies,

MAF:ZLD:df@R:\MAD\Documents\Agreements\WWhitewater, City of (WI)\ATS.2020\TO\2023\1407.132.23-06.docx

City of Whitewater  
Task Order No. 23-06  
Page 2  
March 7, 2023

if the Phase 1 assessment indicates further study is needed. Further studies shall be considered additional services.

OWNER acknowledges that ENGINEER is not, by virtue of this Task Order, the owner or generator of any waste materials generated as a result of the hazardous materials/contamination assessment services performed by ENGINEER under this Task Order.

#### Agency Communication

1. Prepare a tribal notification email in accordance with the MANUAL and submit to the DEPARTMENT for distribution.
2. Prepare an initial letter for WDNR and prepare and submit a final concurrence letter request to WDNR, in accordance with the MANUAL, including preparation of an electronic stormwater notice of intent using the WDNR ePermitting website.
3. Prepare United States Fishing and Wildlife Service Section 7 consultation materials.
4. Prepare a Bureau of Aeronautics notification email.
5. Prepare a Gutzmer S. Twin Oaks Airport notification email.

#### Utility Communication

Chapter Trans 220 of the Wisconsin State Administrative Code does not apply to this project.

1. Communicate with utility companies in the project vicinity on an ongoing basis, in accordance with the MANUAL, to establish mutual understanding of design features of the project that may affect utility facilities.
2. Correspond with utility companies to discuss that facility relocations/alterations have been adequately considered.
3. Review one iteration of utility work plans and provide comments to OWNER.

#### Public Involvement

1. Provide the following public involvement meeting (PIM)-related services:
  - a. Assist OWNER in holding two PIMs.
  - b. Prepare exhibits and supplementary handout material and provide the equipment to conduct the PIMs.
  - c. Discuss meeting schedules with OWNER's representative.
  - d. Make the appropriate arrangements for scheduling the PIMs and provide notices for OWNER's use.
  - e. Provide OWNER with copies of PIM-related correspondence.
  - f. Prepare meeting minutes.
  - g. Discuss with OWNER the comments received.

City of Whitewater  
Task Order No. 23-06  
Page 3  
March 7, 2023

2. Assist OWNER in answering questions received from the general public.

#### Surveys

1. Contact Diggers Hotline for buried utility locating.
2. Survey the location of sufficient Public Land Survey Systems (PLSS) corners and property corners to support the determination of existing property lines and existing right-of-way. It is estimated that approximately four existing PLSS corners and approximately 50 property corners will be located.
3. Visually survey the existing sidewalk and concrete curb and gutter in the project area, in consultation with OWNER. OWNER shall select spot sidewalk and concrete curb and gutter replacement locations.
4. Conduct an 8,000-linear-foot topographic survey of the following locations:
  - a. Intersection quadrants within the project area for curb ramp layout design purposes.
  - b. Existing centerline, every 50 feet, within the project limits.
  - c. Cross sections, every 200 feet, to ten feet beyond the right-of-way, to establish existing curb and sidewalk alignments.
  - d. Spot locations of sidewalk and concrete curb and gutter replacement locations selected by OWNER.
  - e. Raised median along Walworth Avenue east and west of USH 12.

#### Road Drawings

Prepare road drawings, in accordance with the MANUAL and the latest addition of the Standard Specifications for Highway and Structure Construction, for approximately 8,000 feet of roadway pavement replacement on Walworth Avenue. The following road drawings are anticipated.

1. Title sheet.
2. General notes.
3. Project overview.
4. Typical sections (existing and finished).
5. Plan drawings.
6. Construction detail drawings (including erosion control).
7. Curb ramp layout detail drawings (up to 25 curb ramps).
8. Plan detail and layout drawings.
9. Permanent signing and pavement marking.
10. Traffic control (advanced warning and overview, anticipated to be closed with posted detour).
11. Alignment detail.
12. Miscellaneous quantities.
13. Cross sections (rural section).

#### Temporary Limited Easement (TLE) Acquisition

1. Prepare up to 25 individual TLE acquisition exhibits at the curb ramp areas in accordance with the MANUAL and submit to OWNER for review and approval.

City of Whitewater  
Task Order No. 23-06  
Page 4  
March 7, 2023

2. Provide TLE acquisition services for up to 25 parcels. Parcel acquisition will go through the nominal payment method and appraisals are not anticipated.

#### Meetings

1. Attend an operational planning meeting, scheduled by OWNER, to discuss the proposed project with DEPARTMENT and utilities.
2. Participate in OWNER-scheduled 30, 60, and 90 percent review meetings at OWNER's administrative building.
3. Participate in up to five property owner meetings on the project corridor with OWNER.

#### PS&E

Prepare PS&E in accordance with the MANUAL and submit to OWNER and DEPARTMENT by November 1, 2024.

#### **Service Elements Not Included**

In addition to those items specified in the associated Agreement for Technical Services, the following services are not included under this Task Order.

1. Attendance at a preconstruction meeting.
2. Bidding- and Construction-related Services.
3. Formal design justification.
4. Hazardous materials evaluation beyond the Phase 1 Hazardous Materials Memorandum.
5. Encroachment report.
6. Roadside hazard analysis.
7. Section 4(f) and 6(f) evaluations.
8. Wetland determination and delineation.
9. Property appraisals.
10. Right-of-way acquisition or condemnation services.

#### **Compensation**

OWNER shall compensate ENGINEER for Services under this Task Order on an hourly rate basis plus expenses an estimated fee not to exceed \$296,000.

#### **Schedule**

Services will begin upon execution of this Task Order, which is anticipated the week of April 3, 2023. Services are scheduled for completion on December 31, 2024.

City of Whitewater  
Task Order No. 23-06  
Page 5  
March 7, 2023

**OWNER's Responsibilities**

In addition to those items listed in the associated Agreement for Technical Services, OWNER shall be responsible for the following:

1. Provide the State Municipal Agreement for the project.
2. Provide a utility contact list.
3. Provide title searches, title updates, and/or commitments necessary to determine property lines and current property ownerships.
4. Record TLE acquisition exhibits and provide property owner compensation for the TLEs.
5. Provide all soils and subsurface investigations, including the preparation of a geotechnical report. Classify the soils by pedological means to provide pavement design parameters.
6. Provide all historical and archaeological surveys and studies.
7. Send public notices and reserve a location for the PIMs.
8. Approve all utility work plans and issue utility work permits.
9. Retain archaeological and historical consultant for Section 106 investigation.

## Council Agenda Item

Meeting Date:	March 21, 2023
Agenda Item:	Strand Task Order Amendment 22-05 Construction Related Services
Staff Contact (name, email, phone):	Brad Marquardt, <a href="mailto:bmarquardt@whitewater-wi.gov">bmarquardt@whitewater-wi.gov</a> , 262-473-0139

### BACKGROUND

(Enter the who, what when, where, why)

Strand Task Order 22-05 was for the design and bidding of the southwest watermain extension which is the extension of watermain from the new water tower east to the railroad tracks. The proposed amendment would be for Strand to attend the preconstruction meeting, provide staking, shop drawing review, provide construction inspection, review pay requests, and prepare record drawings.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

The original Strand Task Order 22-05 was approved at the Public Works Committee and Common Council in April 2022.

### FINANCIAL IMPACT

(If none, state N/A)

The amendment raises the compensation from not to exceed \$34,200 to \$78,200. \$575,000 was budgeted for design, construction and inspection. The low bid for construction was \$451,700, combined with \$78,200 from this amendment, puts the overall project at \$529,200, under the budgeted amount.

### STAFF RECOMMENDATION

Staff recommends approval of the Amendment to Strand Task Order 22-05.

### ATTACHMENT(S) INCLUDED

Amendment No. 1 to Task Order No. 22-05  
City of Whitewater, Wisconsin (OWNER)  
and Strand Associates, Inc.® (ENGINEER)  
Pursuant to Agreement for Technical Services dated December 30, 2020

This is Amendment No. 1 to the referenced Task Order.

Project Name: Southwest Water Main Extension

Under **Project Information**, REPLACE Services Description in its entirety with the following:

“Design, Bidding-, and Construction-Related Services.”

Under **Scope of Services**, ADD the following:

“Construction-Related Services”

1. Provide contract administration Services including attendance at preconstruction conference, review of contractor’s shop drawing submittals, review of contractor’s periodic pay requests, periodic site visits, monthly construction progress meetings, and participation in project closeout.
2. Provide one iteration of construction staking for water main.
3. Provide resident project representative for up to 190 hours of full-time construction observation.
4. Prepare record drawings in electronic format from information compiled from contractor’s records. ENGINEER is providing drafting services only for record drawings based on the records presented to ENGINEER by contractor and OWNER. ENGINEER will not be liable for the accuracy of the record drawing information provided by contractor and OWNER..”

Under **Compensation**, CHANGE \$34,200 to “\$78,200.”

Under **Schedule**, CHANGE December 29, 2023, to “June 28, 2024.”

## Council Agenda Item

Meeting Date: March 21, 2023

Agenda Item: Flexible Work Arrangements Policy Draft (Telecommuting)

Staff Contact (name, email, phone): John S. Weidl, City Manager, [jweidl@whitewater-wi.gov](mailto:jweidl@whitewater-wi.gov), 262-473-0104

### BACKGROUND

(Enter the who, what when, where, why)

Since Covid, City employees have been utilizing flexible work arrangements on a case by case basis. The City Manager has been asked to draft a telecommuting policy that provides consistency, acts as a tool for employee retention and recruitment and protects the interests of the City of Whitewater.

### PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

On January 17, 2023 a motion was made and seconded that telecommuting policy be struck down and that under extraordinary circumstances the City Manager has the ability to waive the policy on a month to month basis.

On March 3, 2023 Council asked the City Manager to develop a policy based off the City of Wauwatosa policy and bring it back for Council review.

### FINANCIAL IMPACT

(If none, state N/A)

N/A

### STAFF RECOMMENDATION

Staff recommends that the City Council review the attached policy 306.00 – Flexible Work Arrangements and approve the policy.

### ATTACHMENT(S) INCLUDED

(If none, state N/A)

1. City of Wauwatosa – Flexibility in the Workplace Policy
2. Draft Whitewater Policy (revisions and changes highlighted in red)

# City of Wauwatosa Employee Policies

## Flexibility in the Workplace Policy

**Issue Date:** 5/06/2021

**Revision Date:** 1/01/2023

### Objective

The City of Wauwatosa supports and encourages flexible work arrangements and allows departments to implement these arrangements, where appropriate, for eligible employees. The City recognizes the changes in workforce trends and the need to improve efficiency of its operations, better address work, personal and family demands, and retain valuable employees. This policy outlines the City's commitment to providing flexible work arrangements to enable and enhance employee's work life balance.

Flexible work arrangements offered at the City include:

- Remote Work
- Flextime
- Compressed Workweek

### Policy Overview

#### **Alternate Work Arrangement Definitions**

**Remote work:** Employees working at an alternative location (most commonly from home) rather than physically traveling back and forth to a designated site.

**Flextime:** A standard 40-hour workweek (for full-time employees) is completed but there is flexibility in establishing daily start and end times. Days of the workweek may have varying start and end times, but the pattern should recur predictably over each workweek.

**Compressed Workweek:** Employees work 40 hours in less than five (5) full work days. The most common types of compressed workweeks are working four (4) 10 hour days or four (4) 9 hour days and (1) 4 hour day within a week.

#### **Eligibility**

A flexible work arrangement is a department option and certain positions, by their nature, are not suited for flexible work arrangements. Participation is not appropriate for all employees and no employee is entitled to, or guaranteed the opportunity to have a flexible work arrangement.

An employee's classification, compensation, and benefits will not change if approved for a flexible work arrangement.

#### **Approval**

All flexible work arrangements must be approved by the employee's supervisor and Department Head prior to implementation. Department Heads are responsible for ensuring flexible work

arrangements do not disrupt City operations and level of service(s) provided and that employees are productive and responsive while working. Prior to approval of a flexible work arrangement, supervisors and Department Heads will take into consideration a number of factors, including but limited to, customer service requirements, equipment availability, employee performance, level of supervision needed, safety and liability concerns, etc.

To be approved for a Remote Work arrangement, employees must read the outlined Remote Work conditions below. All desired Flexible Work Arrangements must be presented to and approved by the employee's immediate manager in advance.

## Remote Work Guidelines

### **Expectations and Responsibilities of Employees**

The employee is responsible for maintaining a safe and ergonomic environment during the remote work arrangement.

Employees may be called to work at their regular workplace on their regular remote day to meet workload requirements. The supervisor should provide as much advanced notice as possible. Time spent in normal commuting or ordinary travel from the employee's home to the workplace when no work has been performed at multiple locations shall not be considered as hours worked.

The duties, obligations and responsibilities of an employee who works remotely are the same as employees at the centrally located workplace. Employees who work remotely are expected to be working at their home, or other designated location, during their flexible work arrangement.

Employees are responsible for maintaining availability, responsiveness and levels of productivity and quality of work at the expected standard while remotely working. Inadequate availability, reduced work production and/or poor or reduced work quality may be cause for modifications or end to remote arrangement.

Remote workers who are hourly employees (non-exempt under the Fair Labor Standards Act) are expected to record all hours worked in the City's timekeeping system- Kronos. Hourly employees who are approved for an alternate work arrangement must discuss and be approved for any alterations to their schedule or hours with their supervisor in advance. Hourly employees who begin their day working remotely and then commute to the office to continue working (or vice versa) without relieving themselves of their duties for a significant rest period must be paid for travel time. For example, if an hourly employee traveling from a remote site to work stops for fuel on the way, that travel time is compensable. However, if the employee began work at a remote location and travels to work but stopped for fuel and for a doctor's appointment that time may not be compensable. For these reasons hourly employees must have these situations approved by their supervisor in advance.

Employees are responsible to provide a stable and sufficient internet connection to be able to complete their work efficiently. Employees are expected to perform due diligence to protect the security of City's data and information and confidentiality while working from home or at an off-

site location. Employees should continue to abide to the *City's Computer, Internet and Email Use* policy.

### **Equipment and Supplies**

Computer and telephone equipment may be provided on a case-by-case basis to employees, by the City, based on availability. Remote access to the City's network may be provided to the employee at the discretion of the IT staff based on the recommendation of the employee's supervisor and Department Head. If the City's remote access system includes Internet access or other services, the employee may only use this access or service in a manner consistent with City policies (see the City's *Computer, Email and Internet Use* policy for more information).

The City will provide routine maintenance and repairs for City equipment only. The City will not provide maintenance or repairs for employee owned equipment.

The City will not pay for or reimburse the employee for any communications charges, including internet access or service, cell phone charges, etc. aside from what is outlined in the cell phone reimbursement policy.

Necessary office supplies should be obtained through the normal procurement process. Office furniture will not be provided to employees who telework.

Employees who telework are subject to the same city policies regarding the use of City provided equipment, supplies and services as that of employees at the centrally located workplace.

### **Liability**

Workers' compensation coverage is limited to designated work areas in employees' homes or alternate work locations. Employees agree to practice the same safety protocols they would use in the worksite and to maintain safe conditions in their alternate work locations. In the event of a job-related incident, accident or injury during telework hours, the employee shall report the incident to their supervisor as soon as possible and follow normal procedures for reporting.

Worker's compensation will not apply to non-job-related injuries that occur while teleworking. The employee also remains responsible for injuries to third parties and/or members of the employee's family on the employee's premises.

**Policy #306.00**  
**Flexible Work Arrangements**

Owner:	HR Manager	Approving Position:	Common Council	Pages:	3
Issue Date:		Revision Date:		Review Date:	
Special Instructions:					

I. Purpose - The City of Whitewater supports and encourages flexible work arrangements and allows departments to implement these arrangements, where appropriate, for eligible employees. The City recognizes the changes in workforce trends and the need to improve efficiency of its operations, better address work, personal and family demands, and retain valuable employees. This policy outlines the City’s commitment to providing flexible work arrangements to enable and enhance employee’s work life balance.

Flexible work arrangements offered at the City include:

- Remote Work
- Flextime
- Compressed Workweek

II. Alternate Work Arrangement Definitions

- A. Remote work: Employees working at an alternative location (most commonly from home) rather than physically traveling back and forth to a designated site.
- B. Flextime: A standard 40-hour workweek (for full-time employees) is completed but there is flexibility in establishing daily start and end times. Days of the workweek may have varying start and end times, but the pattern should recur predictably over each workweek.
- C. Compressed Workweek: Employees work 40 hours in less than five (5) full workdays. The most common types of compressed workweeks are working four (4) 10 hour days or four (4) 9 hour days and (1) 4 hour day within a week.

III. Guidelines

A. Eligibility

1. A flexible work arrangement is a department option and certain positions, by their nature, are not suited for flexible work arrangements. Participation is not appropriate for all employees and no employee is entitled to or guaranteed the opportunity to have a flexible work arrangement.

2. An employee's classification, compensation, and benefits will not change if approved for a flexible work arrangement.

#### B. Approval

1. All flexible work arrangements must be approved by the employee's supervisor and Department Head prior to implementation. Department Heads are responsible for ensuring flexible work arrangements do not disrupt City operations and level of service(s) provided and that employees are productive and responsive while working. Prior to approval of a flexible work arrangement, supervisors and Department Heads will take into consideration a number of factors, including but limited to, customer service requirements, equipment availability, employee performance, level of supervision needed, safety and liability concerns, etc.
2. To be approved for a Remote Work arrangement, employees must read the outlined Remote Work conditions below. All desired Flexible Work Arrangements must be presented to and approved by the employee's immediate manager in advance.

#### C. Review

1. Upon approval of a flexible work arrangement, a six month trial period will apply to assess the impact and effectiveness of the arrangement.
2. After successful completion of the trial period, the work arrangement will be reviewed at least annually thereafter to ensure continued success.
3. The arrangement may be canceled for any reason by management.
4. An employee wishing to change or cancel an alternative work arrangement must obtain written approval from his or her supervisor.

#### D. Remote Work Guidelines - Expectations and Responsibilities of Employees

1. The employee is responsible for maintaining a safe and ergonomic environment during the remote work arrangement.
2. Employees may be called to work at their regular workplace on their regular remote day to meet workload requirements. The supervisor should provide as much advanced notice as possible.
3. Time spent in normal commuting or ordinary travel from the employee's home to the workplace when no work has been performed at multiple locations shall not be considered as hours worked.
4. The duties, obligations and responsibilities of an employee who works remotely are the same as employees at the centrally located workplace. Employees who work remotely are expected to be working at their home, or other designated location, during their flexible work arrangement.
5. Employees are responsible for maintaining availability, responsiveness and levels of productivity and quality of work at the expected standard while remotely working.

Inadequate availability, reduced work production and/or poor or reduced work quality may be cause for modifications or end to remote arrangement.

6. Remote workers who are hourly employees (non-exempt under the Fair Labor Standards Act) are expected to record all hours worked in the City's timekeeping system-**miPay**. Hourly employees who are approved for an alternate work arrangement must discuss and be approved for any alterations to their schedule or hours with their supervisor in advance. Hourly employees who begin their day working remotely and then commute to the office to continue working (or vice versa) without relieving themselves of their duties for a significant rest period must be paid for travel time. For example, if an hourly employee traveling from a remote site to work stops for fuel on the way, that travel time is compensable. However, if the employee began work at a remote location and travels to work but stopped for fuel and for a doctor's appointment that time may not be compensable. For these reasons hourly employees must have these situations approved by their supervisor in advance.
7. Employees are responsible to provide a stable and sufficient internet connection to be able to complete their work efficiently. Employees are expected to perform due diligence to protect the security of City's data and information and confidentiality while working from home or at an off-site location. Employees should continue to abide to the *City's Information Technology Policies and Standards*.

#### E. Equipment and Supplies

1. Computer and telephone equipment may be provided on a case-by-case basis to employees, by the City, based on availability. Remote access to the City's network may be provided to the employee at the discretion of the IT staff based on the recommendation of the employee's supervisor and Department Head. If the City's remote access system includes Internet access or other services, the employee may only use this access or service in a manner consistent with City policies (see the *City's Information Technology Policies and Standards* for more information).
2. The City will provide routine maintenance and repairs for City equipment only. The City will not provide maintenance or repairs for employee owned equipment.
3. The City will not pay for or reimburse the employee for any communications charges, including internet access or service, cell phone charges, etc. aside from what is outlined in the cell phone reimbursement policy.
4. Necessary office supplies should be obtained through the normal procurement process. Office furniture will not be provided to employees who telework.
5. Employees who telework are subject to the same city policies regarding the use of City provided equipment, supplies and services as that of employees at the centrally located workplace.

#### F. Liability

1. Workers' compensation coverage is limited to designated work areas in employees' homes or alternate work locations. Employees agree to practice the same safety protocols they

would use in the worksite and to maintain safe conditions in their alternate work locations. In the event of a job-related incident, accident or injury during telework hours, the employee shall report the incident to their supervisor as soon as possible and follow normal procedures for reporting.

2. Worker's compensation will not apply to non-job-related injuries that occur while teleworking. The employee also remains responsible for injuries to third parties and/or members of the employee's family on the employee's premises.

**G. Common Council Review**

The Common Council will review this Policy one (1) year after adoption to ensure that it remains a positive arrangement for the City of Whitewater and its employees.

DRAFT
