4. Staff Updates

- a. **Financial Update – YTD through December 2022** – Hatton gave a brief overview of the financial statements. Hatton noted the General Fund currently shows a surplus of approximately \$650,000. He further noted some not all of the year-end entries are made as progress continues towards closing the 2022 fiscal year. Hatton noted some impacts of year-end entries within the utility enterprise funds. Majkrzak asked about the \$82,000 deficit shown for Fund 220 (Library). Hatton noted that the Library budget provisioned for normal operations, but not the Library expansion project. The Library Board approved specific spending requests for design and fundraising outside of the budget. These expenses are being paid from Library Board accounts that the City does not hold custody. Majkrzak requested more information on how the Library's 2022 deficit is being funded in a future meeting. Majkrzak also asked for more information on the additional use of fund balance in Fund 280.

In an overview of the General Fund, Hatton mentioned that the revenues are about \$23,000 better this year as compared to this time last year. The expenses are about \$425,000 more this year as compared to this time last year. Majkrzak asked what was driving these changes. Hatton described a consistent practice to budget for full staffing. To the extent that the city has vacancies over the course of the year, spending will be below the budgeted amount. These vacancies have been one of the significant drivers to each year's surplus and helps to offset any negative surprises (shortfall in revenues or unanticipated costs). A second is the rapid rise of interest rates in 2022 that was above what was in place or expected at the time the budget was created in the fall of 2021. Interest income was \$172,000 higher than budget. A third driver is the perennial impact of the city's change to a high deductible health plan in 2019. The City was able to provide employees with the same protection as the previous traditional plan (1,000 family deductible) by bridging the increase to a \$3,500 family deductible with a \$2,500 HRA provision. This change provided a savings in premium that more than offset the cost of the HRA provision (if fully utilized). To the extent that the

HRA is not fully utilized, the city realizes additional savings. In the last several years, HRA utilization has been in the 60%-70% range.

Hatton continued to review the packet material highlighting the changes in inflation and interest rates in recent years. Dawsey Smith asked for future reporting updates to help inform the public on the impact of the changes to public safety spending given the creation of a municipal Fire/EMS department following the November 2022 referendum.

- b. Conventional Water Rate Case Update** – Hatton provided an update on the water utility's request for the Public Service Commission (PSC) to review water rates. As the PSC regulates water utilities in Wisconsin, any changes to rates or operating rules must be reviewed and approved by the PSC. Hatton summarized milestones since beginning the process in May 2022. The most recent was a public hearing held by the PSC on January 26th that was advertised on utility bills, the local paper, city website, press release and social media. Hatton noted three members of the public attended while only one spoke. The speaker questioned whether the anticipated need for a rate increase is a result of poor planning on behalf of the water utility. Hatton noted the agenda memo was created with this perception in mind to help provide the public with a concise summary of the timeline of the water tower replacement dating back to 2017. Hatton acknowledged that the evolution of issues over time may be difficult for the public to follow across committee and council meetings. The agenda memo is intended to help summarize and document the background for the discussion. Majkrzak asked whether topics are searchable in the agenda center on the city's website. Hatton committed to look into and report back. Hatton highlighted a schedule in the packet from the PSC's proposed rate design that illustrated the impact of the proposed rate change on various types of customers and volumes of use. For the average residential customer who uses 3000 gallons per month, the new rates translate into an additional \$7.27 per month. Hatton noted that the PSC is expected to issue a ruling by the middle of February. He believes the utility will then have up to 90 days to implement the new rates. The latest billing interval that falls within this window is the end of April.

5. Discussion/Direction on the Following:

- a. 2022 Budget Amendment #2** Hatton reviewed the memo in the packet highlighting an anticipated surplus in the General Fund. Hatton reviewed several recommended transfers to use a portion of the surplus to provision for needs that could not be accommodated in the revised budget adopted for 2023 last November. The recommended transfers also address needs that would otherwise need to be provisioned within a future budget. Hatton recommended this to Council for approval of the submission. Majkrzak seconded the motion. Motion carried on a unanimous voice vote. \$300,000 of the anticipated surplus was recommended for transfer to eight separate funds. After the transfer, the surplus is estimated to remain at \$200,000 that will fall to the General Fund unassigned fund balance that can be used to buffer future needs. Dawsey Smith moved to recommend the budget amendment to Council. Seconded by Majkrzak. Motion passed unanimously.

6. Future Agenda Items

- Update on 2022 deficit in Fund 280 (Street Repair Fund)

Finance Committee Agenda Item

Meeting Date: March 31, 2023

Agenda Item: Fund 220 Irving L Young Memorial Library Budget

Staff Contact (name, email, phone): Steve Hatton, shatton@whitewater-wi.gov, 262-473-1380

BACKGROUND

(Enter the who, what when, where, why)

During the January 31, 2023 Finance Committee meeting, Council member Majkzrak requested further information related to Fund 220 exceeding Budgeted 2022 expenditures.

Libraries have authority granted to them under Wisconsin Statute Chapter 43 (attached).

The City's Finance Department provides accounting and financial reporting for the Library through Fund 220. All aspects of the Library's finances are captured to include a complete operating statement (summarizing all Revenues and Expenditures) and balance sheet (summarizing all assets, liabilities, and surplus) for the Library. While the City holds custody of a portion of Library funds to pay operating costs, the Library Board holds custody of the majority of Library funds. Monthly financial reporting is provided to the Library Board. The Library Board provides minutes of its meetings to the Common Council.

Annually, the City budgets a transfer from the General Fund to support Library operations. This \$470,000 transfer will provide 56% of total Library funding in 2023. As annual funding provided by the General Fund has been fixed at \$470,000 since 2019, the city's contribution is declining as a share of the total cost of Library operations. An additional \$15,000 of the 2022 General Fund surplus was transferred to Fund 220 (Library). A financial summary of Fund 220 is attached.

The Library Board has been working towards an expansion and remodeling of the Library building at 431 W. Center Street. The Library Board acted to approve expenditures toward the design (November 16, 2020) and fund-raising (March 21, 2022) portions of the project.

Re: In re: Library Board budget questions

Introduction:

Steve Hatton advised us that a member of the Finance Committee requested more information regarding the Library Board's 2022 budget. It is our understanding that the Library Board spent all the funds budgeted to it by the Common Council for 2022 operations. The Library Board also took action to make additional expenditures out of additional funds it controls. Therefore, its total expenditures exceeded the amount budgeted to it by the Common Council.

Issue:

Was it proper for the Library Board to spend the funds it controls exceeding the amount the Common Council budgeted to the Library Board?

Short Answer:

Yes, it was appropriate for the Library Board to use its funds for expenditures that exceeded its 2022 budget.

Discussion:

Chapter 43 of the State of Wisconsin Statutes provides that the Library Board has the exclusive control of monies it has collected by sources other than its Common Council budget allocation. The Library Board is not prohibited from using those funds in any reasonable way regardless of it exceeding its Common Council budget. It is important to note that the Library Statutes give the Library Board far more power and discretion regarding financial matters than other City departments.

(e) The plan of library services for a county may require that a municipality located in whole or in part within the county that operates a public library compensate another municipality located in whole or in part within the county that operates a public library whenever the latter public library provides library services to residents of the municipality that operates the former public library. The plan's compensation for each loan may not exceed the actual cost of the loan, as defined by the department by rule.

History: 1971 c. 152; 1981 c. 20; 1985 a. 29, 177; 1993 a. 184; 1997 a. 150; 2005 a. 420.

(1m).

3. If a county maintains a consolidated public library and provides a notice under sub. (1m), by that county to each public library in an adjacent county, other than a county with a population of at least 750,000, that provides a statement to the county under sub. (2).

(b) The minimum amount under par. (a) shall be calculated to equal 70 percent of the amount computed by multiplying the number of loans of material made by the library during the prior calendar year, for par. (a) 1. or 3., to residents of the county who are not residents of a municipality that maintains a public library under s. 43.52 or 43.53, or, for par. (a) 2., to residents of the county who are not residents of a municipality that contains a branch of the consolidated library, as reported under sub. (2), by the amount that results from dividing the total operational expenditures of the library during the calendar year for which the number of loans are reported, not including capital expenditures or expenditures of federal funds, by the total number of loans of material made by the public library during the calendar year for which the loans are reported.

(c) The library board of the public library entitled to a payment under this subsection may direct the county to credit all or a portion of the payment to a county library service or library system for shared services.

(c) The total number of loans of material made by that library during the previous calendar year.

(3) A county may enter into an agreement with its participating municipalities or with a public library system to pay no less than the amounts determined under sub. (1) to the public library system for distribution to the public libraries that participate in that system.

(4) Upon request of a county clerk, a public library shall provide access to all books and records used to determine the amount computed under sub. (2).

(5m) Nothing in this section prohibits a county from providing funding for capital expenditures.

(6) The county library board or, if no county library board exists, the county itself, shall either distribute the aid provided by the county to the public libraries, as provided in the plan prepared under s. 43.11, or shall transfer the aid for distribution to the public library system in which it participates.

(7) This section does not apply to a county having a population of 750,000 or more.

(8) For the purposes of this section, a county that provides library service solely under s. 43.57 (2m) is a county that maintains a consolidated public library, and a tribal college–county joint library under s. 43.57 (2m) is a branch of the consolidated library.

History: 1997 a. 150; 2005 a. 226, 420; 2007 a. 97; 2013 a. 157; 2015 a. 306; 2017 a. 207 s. 5.

43.13 Division review. (1) (a) No public library system may be established without the approval of the division. In reviewing final reports submitted by county library planning committees, the division shall consider, in addition to the standards set forth in s. 43.15, the proposed system territory, organization and financing, initial and long-range plans for library services, the role of existing multi-jurisdictional service programs in the territory and plans for cooperation with adjoining systems and with other kinds of libraries in the territory.

(b) If the division approves a final report, it shall report such approval to the appropriate county boards and county library planning committees. Upon acceptance by the county boards, the division shall certify to the appropriate county boards the establishment of the public library system proposed by the report, specifying the effective date of the establishment of the system.

(2) A public library system board may submit to the division a plan for the alteration in the territory included within the system or for a change in system organization from a federated to a consolidated system or vice versa. If the change proposed by the plan is approved, the division shall certify such fact to the system board, specifying the effective date of the change.

(3) The effective date of the establishment of a system under sub. (1) or of a change under sub. (2) shall be January 1 of the year specified by the division.

(4) Any decision by the division under this section may be appealed to the state superintendent.

History: 1971 c. 152; 1995 a. 27; 1997 a. 27; 2005 a. 226.

43.15 Standards for public library systems. A public library system shall not be established unless it meets the requirements under this section.

(1) **POPULATION.** The territory within the system shall:

(a) Have a population of 100,000 or more. If, because of the withdrawal or realignment of participating counties, a public library system has fewer than 3 participating counties and a population under 200,000, the remaining parts of the system shall realign with an existing system within 2 years after the date on which the population falls below 200,000.

(b) After July 1, 1998, no new system may be established unless it serves a population of at least 200,000.

(2) **FINANCIAL SUPPORT.** Each county proposed to be included within a system shall demonstrate, to the satisfaction of the division, its ability to provide adequate funding to implement the plan submitted under s. 43.11 (3) and the report submitted under s. 43.13 (1).

(3) **TERRITORY INCLUDED.** (a) A consolidated system shall consist of one county only. A federated system shall consist of one or more counties.

(b) No more than one system may be established within a single county. If the territory of a municipality lies in 2 or more counties which are not in the same public library system, the municipal library board or, if no such board exists, the municipal governing body shall determine the system in which the municipality will participate.

(c) If the territory of a joint library lies in 2 or more counties that are not in the same public library system, the joint library board or, if no such board exists, the governing bodies of the municipalities and counties that created the joint library shall determine the system in which the joint library will participate.

(4) **METHOD OF ORGANIZATION.** (a) A public library system may be organized as a single-county federated public library system, a multicounty federated public library system, or a single-county consolidated public library system. Two public library systems may merge with the approval of each public library system board and the county boards of the participating counties.

(b) A county may participate in a federated public library system if it does all of the following:

1. Adopts and maintains the plan of library service submitted and approved under ss. 43.11 (3) and 43.13 (1).

2. Provides the financial support for library services required under sub. (2).

3. Enters into a written agreement with the public library system board to participate in the system and its activities and to furnish library services to residents of those municipalities in the county not maintaining a public library.

(c) A municipal, county or joint public library may participate in a public library system if it meets all of the following requirements:

1. Is established under this chapter. A tribal college–county joint library under s. 43.57 (2m) is a library established under this chapter.

2. Is located in a county that participates in a public library system.

3. Is authorized by its municipal governing body or county board to participate in the public library system. If the library is a tribal college–county joint library, it is authorized by an agreement under s. 43.57 (2m).

4. Enters into a written agreement with the public library system board to participate in the system and its activities, to participate in interlibrary loan of materials with other system libraries, and to provide, to any resident of the system area, the same library services, on the same terms, that are provided to the residents of

the municipality or county that established the member library. This subdivision does not prohibit a municipal, county, or joint public library from giving preference to its residents in library group programs held for children or adults if the library limits the number of persons who may participate in the group program, or from providing remote access to a library's online resources only to its residents.

6. Employs a head librarian who is certified as a public librarian by the department and whose employment requires that he or she be present in the library for at least 10 hours of each week that the library is open to the public, less leave time.

7. Beginning in 2008, annually is open to the public an average of at least 20 hours each week except that for a library in existence on June 3, 2006, annually is open to the public an average of at least 20 hours or the number of hours each week that the library was open to the public in 2005, whichever is fewer.

8. Beginning in 2008, annually spends at least \$2,500 on library materials.

(d) A county may establish a consolidated public library system in which the included county and its underlying communities form a single system. The county may, for such purposes, take over and acquire any library property by consent of the authority controlling that property.

(5) CAPITAL COSTS EXCLUDED. For the purpose of determining the amount of financial support required under sub. (4) (b) 2., amounts spent for capital projects shall be excluded.

(5m) LIMIT. A public library system may not be established if its establishment would cause the number of public library systems to exceed the number in existence on June 3, 2006.

43.16 Resource libraries. (1) (a) Each public library system shall have at least one system resource library. Annually, prior to the expiration of its agreement with its existing system resource library, the public library system board shall negotiate with the member public library with the largest annual operating budget of all member libraries to serve as a system resource library in the following year. If the board and the proposed resource library are unable to reach an agreement for the following year before the expiration date of any existing agreements with resource libraries, the existing agreements shall be extended for one year or until an agreement is reached with that proposed resource library, whichever occurs earlier. The division shall notify the public library system board, the existing resource libraries and the proposed resource library of the extension and, during the period of extension, shall attempt to mediate an agreement between the public library system board and the proposed resource library. If the division determines that the public library system board and the proposed system resource library are unable to reach an agreement before the end of the one-year period, the division shall propose an alternative agreement, which shall be binding if it is acceptable to the proposed system resource library. If the alternative agreement is unacceptable to the proposed system resource library, the board shall negotiate with the member public library with the next largest annual operating budget of all member public libraries to serve as a system resource library in the following year.

(am) An existing contract may be extended under par. (a) only if it was entered into on or after May 8, 1990.

(b) The procedure under par. (a) shall be repeated with member public libraries in decreasing order of the size of their annual operating budgets until an agreement is reached with a member public library to serve as a system resource library. Except as provided in par. (a), no agreement may extend beyond December 31 of any year.

(2) If the member public library selected to serve as a system resource library under sub. (1) fails to meet all of the following

requirements, the system board shall enter into a supplementary contract with the academic library with the largest operating budget of all academic libraries in the system area, or with a resource library in an adjacent system, that meets all of the following requirements:

(a) The library has a collection of at least 100,000 volumes.

(b) The library is open to the public at least 50 hours each week.

(c) The library employs at least one full-time, permanent reference librarian with a master's degree in library science.

43.17 Public library systems; general provisions.

(1) BOARD TERMS. Every public library system shall be governed by a board appointed under s. 43.19 or 43.21. No person employed by a public library that is a member of a public library system may be appointed to the public library system board. Upon the initial establishment of a board, the members shall be divided as nearly as possible into 3 equal groups to serve for terms expiring on January 1 of the 2nd, 3rd and 4th years, respectively, following their appointment. Thereafter, regular terms shall be for 3 years and shall commence on January 1. Vacancies shall be filled for the unexpired term in the same manner as regular appointments are made.

(2) BOARD ORGANIZATION AND MEETINGS. As soon as practicable after the initial establishment of a system, and thereafter in January of each year, the board shall organize by the election, from among its members, of a president and such other officers as it deems necessary. The board shall meet at least once every 2 months.

(2m) ADVISORY COMMITTEE. Every public library system may appoint a public library advisory committee to, among other things, advise the system board about the status and needs of libraries in the system, serve as a conduit of information between the system board and individual libraries in the system and make recommendations to the system board relating to libraries in the system.

(3) FISCAL YEAR. The fiscal year of each federated public library system whose territory lies within 2 or more counties shall be the calendar year.

(4) SYSTEM ADMINISTRATION. Notwithstanding ss. 59.17 (2) (b) and 59.18 (2) (b), responsibility for administration of a public library system shall vest in a head librarian who shall be appointed by and directly responsible to the public library system board.

(5) ANNUAL REPORT. Annually, at the time required by the division, each public library system shall report to the division on its operations, expenditures and territory served during the preceding year, shall submit a plan describing the program for library service to be carried out in the subsequent year and shall furnish such other information as the division requires.

(6) COOPERATIVE SERVICES. A public library system may contract with another such system, or with other libraries, library organizations or resource centers within this state or in adjacent states, to provide or receive library services.

(7) EXISTING EMPLOYEES. No person employed by a participating public library at the time of the establishment of a public library system shall lose, because of such establishment, any salary, fringe benefit or other employment rights in existence at that time.

(8) RETIREMENT. If any employee of a participating employer under the Wisconsin retirement system becomes, by virtue of the establishment of a public library system, an employee of that library system, the library system shall become a participating employer under the Wisconsin retirement system.

(9) CONTRACTS, BIDDING AND BORROWING. (a) All contracts for public construction made by a federated public library system whose territory lies within 2 or more counties or by a federated public library system whose territory lies within a single county with a population of at least 750,000 shall be let by the public library system board to the lowest responsible bidder in accord-

ance with s. 62.15 (1) to (11) and (14). For purposes of this section, the system board possesses the powers conferred by s. 62.15 on the board of public works and the common council. All contracts made under this section shall be made in the name of the federated public library system and shall be executed by the system board president and such other board officer as the system board designates.

(b) A public library system board of a multicounty library system may borrow money to accomplish any of its purposes, but the outstanding amount of such loans at any time may not exceed an amount equal to the system board's receipts for the prior fiscal year. A federated public library system whose territory lies within 2 or more counties may obtain a state trust fund loan to accomplish any of its purposes, but the outstanding amount of a federated public library system's state trust fund loans, together with all other indebtedness of the system, may not exceed an amount equal to the system's receipts for the prior fiscal year.

(10) **BORROWERS' CARDS.** Except as provided in sub. (11), all public libraries in a public library system shall honor the valid borrowers' cards of a public library in an adjacent public library system, other than the Milwaukee County Federated Library System. The requirement under this subsection does not apply to the Milwaukee County Federated Library System.

(11) **COST OF LENDING SERVICES.** (a) In this subsection, "loan" means a unit of service that involves the checking out of a single item from a library to an individual for use outside the library for a specific period of time.

(b) A public library in a public library system may refuse to honor valid borrowers' cards of a public library in an adjacent public library system if, in the most recent year in which the public library honored such cards, the total amount of the reimbursement received by the public library from that adjacent public library system, and from counties and municipalities that are located in that adjacent public library system, is less than the adjusted cost incurred for that year by the public library in honoring the cards.

(c) For purposes of par. (b), the adjusted cost shall be calculated by determining the actual cost for each loan incurred by the public library honoring the cards for a given year in the manner provided by the rules promulgated by the department under s. 43.24 (2) (n) and multiplying that amount by the remainder calculated by subtracting 500 from the total number of loans made in that year by the public library to borrowers from the adjacent public library system. For purposes of this paragraph, a renewal of a loan constitutes a separate loan.

(d) Any reimbursement made by a county under par. (b) may not result in a reduction in the level of support for public library services provided by that county to residents of that county.

(e) If a public library in a given public library system refuses to honor the valid borrowers' cards from an adjacent public library system, annual meetings shall be held between representatives of the affected public library systems to discuss the resulting lack of services to the affected borrowers and the costs of providing such services. The affected public library systems shall provide the division with written minutes of these meetings.

(am) Not less than 3 years after affiliating with a public library system, a participating municipality or a county may withdraw from the system by adoption of a resolution by a two-thirds vote of its governing body under pars. (ar) and (b), if the resolution is adopted at least 6 months prior to the close of the system's fiscal year. The resolution shall become effective at the close of the system's fiscal year.

(ar) With the approval of the governing bodies of participating municipalities that contain, according to the most recent estimate prepared under s. 16.96, at least 80 percent of the population of participating municipalities in the county, a county may withdraw from a federated public library system whose territory lies within 2 or more counties.

(b) A participating municipality may withdraw from a federated public library system.

(2) **ABOLITION.** A county may abolish a public library system whose territory lies only within that county, except that a county containing a 1st class city may abolish such a public library system only with the consent of the municipalities within the system.

(2m) **EXPULSION.** With the approval of the division, a public library system may expel, or reduce aids or services to, a municipality or county that fails to meet the requirements under s. 43.15 (2) or (4).

(3) **PROCEDURE.** (a) Prior to taking any action to abolish or withdraw under this section, the county board or other municipal governing body shall hold a public hearing on the proposed action and shall publish a class 1 notice, under ch. 985, of the hearing. Notice of the hearing also shall be given by registered mail not less than 30 days prior to the hearing to the governing body of every other municipality and county participating in the public library system, to the public library system board and to the division.

(b) A municipality or county withdrawing or expelled under this section from a public library system is responsible for its allocated share of the outstanding liabilities of the system on the effective date of its withdrawal or expulsion.

(c) Upon taking final action under this section to withdraw from or abolish a public library system, the county board or other municipal governing body shall give notice, by registered mail, of the action taken to the governing body of every other municipality and county participating in the public library system, to the public library system board and to the division.

(d) Prior to expelling a municipality or county from a public library system, the system board shall notify the municipality or county and the division, by registered mail, of the reason for the action under consideration and shall hold a public hearing concerning the action. The system board shall file a plan for alteration of the system territory under s. 43.13 (2) by November 15 of the year preceding the year in which the expulsion will take effect under s. 43.13 (3) and the division shall adjust state aid under s. 43.24 accordingly.

(b) If the territory of a public library system is altered, the department shall adjust the aid paid to that system under par. (a). The department shall promulgate rules establishing the method the department will use to make the adjustment.

(c) Beginning in the fiscal year in which the total amount of state aid appropriated for public library systems under s. 20.255 (3) (qm), as determined by the department, equals at least 11.25 percent of the total operating expenditures for public library services from local and county sources in the calendar year ending in that fiscal year, the amount paid to each system shall be determined by adding the result of each of the following calculations:

2. Multiply the system's percentage of the state's geographical area by the product of the amount appropriated under s. 20.255 (3) (qm) and 0.075.

3. Divide the sum of the payments to the municipalities and counties in the system under subch. 1 of ch. 79 for the current fiscal year, as reflected in the statement of estimated payments under s. 79.015, by the total of all payments under subch. 1 of ch. 79 for the current fiscal year, as reflected in the statement of estimated payments under s. 79.015, and multiply the result by the product of the amount appropriated under s. 20.255 (3) (qm) and 0.075.

(4) The division shall assure through an annual audit and adjustment of aids, as necessary, that no more than 20 percent of the funds received by systems are used for administrative purposes.

(5) Any interest earned from the investment of state aid paid to each public library system under sub. (3) shall be allocated to the library system receiving the aid payments.

Two additional members may be appointed to a library board for a village, town, tribal government or tribal association so that the board has 7 members. Members shall be residents of the municipality, except that not more than 2 members may be residents of other municipalities. Members shall be appointed by the mayor, village president, town chairperson, tribal chairperson or school board chairperson, respectively, with the approval of the municipal governing body. Not more than one member of the municipal governing body shall at any one time be a member of the library board.

(d) No compensation shall be paid to the members of a library board for their services, except as follows:

1. Members may be reimbursed for their actual and necessary expenses incurred in performing duties outside the municipality if so authorized by the library board.

2. Members may receive per diem, mileage and other necessary expenses incurred in performing their duties if so authorized by the library board and the municipal governing body.

(e) A majority of the membership of a library board constitutes a quorum, but any such board may, by regulation, provide that 3 or more members thereof shall constitute a quorum. (3) In any city of the 2nd or 3rd class, the common council may, by a two-thirds vote, provide for the reduction of the number of appointive members of the library board to 7. Thereupon, whenever a term expires or a vacancy occurs, no appointment shall be made until the number of such members has been so reduced, whereupon the remaining members shall be by lot divided by the common council into 3 classes, 3 to serve for 3 years, 2 to serve for 2 years and 2 to serve for one year, respectively, from the date of such completed reduction, and thereafter each regular appointment shall be for a term of 3 years.

(6) (a) Within 60 days after the conclusion of the fiscal year of the municipality or county in which the public library is located, the library board, including a library board under s. 43.57 (4) (bm), shall make a report to the division and to its governing body or, for a library board under s. 43.57 (4) (bm), the county board of the county in which the library is located. The report shall state the condition of the library board's trust and the various sums of money received for the use of the public library during the year, specifying separately the amounts received from appropriations, from the income of trust funds, from rentals and other revenues of the public library and from other sources. The report shall state the condition of all funds in the library board's control and shall state in detail the disbursements on account of the public library during that fiscal year.

(c) The report to the division shall contain a statement by the library board indicating whether the public library system in which the library participated during the year of the report did or did not provide effective leadership and adequately meet the needs of the library and an explanation of why the library board believes so. The division shall design the form of the statement so that it may be removed from the report and forwarded to the division before it is sent to the public library system.

(7) The library board may receive, manage and dispose of gifts and donations as follows:

(a) All persons wishing to make donations of property for the benefit of a public library may vest the title thereto in the library board, to be held and controlled by the board, when accepted, according to the terms of the deed of gift, devise or bequest. A payment or transfer of a gift, bequest, or endowment by a library board to a charitable organization described in this paragraph made prior to March 19, 2008, is not invalid as lacking statutory authority to make the payment or transfer. bm. The library board's use of any disbursement made under subd. 3. a. shall be consistent with the intent of the donor of the gift, bequest, or endowment and with the agreement between the

library board and the charitable organization or community foundation.

c. The library board exercises its rights over the use of each disbursement made under subd. 3. a. in accordance with the law applicable to trust investments and the provisions of this chapter.

(c) If any such treasurer or financial secretary holds any property belonging to the public library, the library board shall require a bond from the treasurer or financial secretary to the library board in such sum, not less than the amount of such property so held by him or her, and with such sureties as the library board requires. The bond shall be conditioned in substantially the same form as the ordinary bond required from the treasurer of the municipality or county, with the necessary changes.

(d) The treasurer or financial secretary shall make an annual report to the library board showing in detail the amount, investment, income and disbursements from the trust funds in his or her charge. Such report shall also be appended to the annual report of the library board under sub. (6).

(e) In the case of a gift for a library building, the library board of the municipality shall have the exclusive right to select and contract for the purchase of a site.

2. Multiply the amount determined under subd. 1. by the equalized valuation of property in the city, village, town or school district for the current year.

(c) Notwithstanding sub. (2m), any city, village, town, or school district in a county levying a tax for public library service under sub. (1) is exempt from the tax levy if all of the following apply:
