STANDARD	APPLICANT'S EXPLANATION
<p>A. The particular physical surroundings, <u>shape</u>, topographical conditions of the specific property involved would result in a particular hardship upon the owner as distinguished from mere inconvenience, if the strict letter of the regulations were to be carried out</p>	<p>Surrounding tenants have larger signage in proportion to their tenant space, and if we adhere to the signage code of 1 sq. ft. of signage for each linear foot of frontage, our sign appears smaller than the neighboring tenants.</p>
<p>B. The conditions upon which the application for a variance are based would not be applicable generally to other property within the same Zoning classification</p>	
<p>C. The purpose of the variance is not exclusively upon a desire for economic or other material gain by the applicant or owner.</p>	<p>We are simply looking to maximize our exposure in the community. We are also looking to maintain consistency with our branding. All other locations have a minimum of a 15' sign for their location - important for branding image.</p>
