BACKGROUND

(Enter the who, what when, where, why)

The City submitted a number of applications for both Surface Transportation Program (STP) – Urban, and STP – Local projects through the Bipartisan Infrastructure Law (BIL). The City was notified in September 2022 that Walworth Avenue from Janesville Street west to the County line was selected as a STP – Urban project and Innovation Drive from Howard Road to Technology Drive was selected as a STP – Local project. The City also teamed with the Town of Cold Spring to submit an application on the Town's behalf for Howard Road from State Highway 59 south to the County line. This project was also approved as a County STP – Local project.

Staff recently reached out to the State and found out all three projects are tentatively scheduled for construction in 2025.
