

This is from the residents
of where Green Street &
Main Street intersect.

We ~~are~~ are requesting
a much needed street
light on ~~the~~ Green St.
Hawing areas well - lit
is the best crime
deterrent. There are
streets ~~down~~ the edge of
town ~~out~~ are much better
lit than our section
of Green Street.

Whisper Electric
employees have told us
they could put a street
light up ~~in front of~~
210 Green Street ~~under~~
there is already a
pole at that light location.
One street light at
that location would
easily solve the problem.

Thank you
