**WUSD Affirmative Statement**

The Whitewater Aquatic and Fitness Center (WAFC) is an important, valued resource to our students, to the residents of the City of Whitewater (City), the Whitewater Unified School District (WUSD) and the Whitewater community. While the WAFC partnership includes significant support from both the WUSD and City, membership and program revenues are also crucial to its ongoing health. The WUSD is committed to partnering with the City to secure operational and capital financing that allows it to support the WAFC within its other budgetary obligations.
