BACKGROUND

(Enter the who, what when, where, why)

At a recent Council meeting, a resident on Ann Street complained about speeding on Ann Street and the possibility of adding speed bumps. The Police Department set up the traffic speed board for Eastbound traffic from June 9 to June 21. Data was collected from a total of 1,732 vehicles. The posted speed is 25 mph. From the data, 1,303 vehicles (75%) were at or below the speed limit. The 85% Percentile, the percentile which the speed limit should be set to, was 27 mph. Of the 429 vehicles over the limit, 416 were within 10 mph of the speed limit, and 13 vehicles were clocked at more than 35 mph.

STAFF RECOMMENDATION

Based on the collected data, speed does not seem to be out of line with the posted speed limit. Staff would not recommend the installation of speed bumps.
