## Language Assistance Plan

### Plan Components

As a recipient of federal US DOT funding, the **City of Whitewater** is required to take reasonable steps to ensure meaningful access to our programs and activities by limited-English proficient (LEP) persons.

**Limited English Proficient (LEP):** Refers to persons for whom English is not their primary language and who have a limited ability to read, write, speak or understand English. This includes those who have reported to the U.S. Census that they speak English less than very well, not well, or not at all.

Most individuals in Wisconsin read, write, speak and understand English. There are some individuals for whom English is not their primary language. If these individuals have a limited ability to read, write, speak, or understand English, they are considered limited English proficient, or “LEP.”

The **City of Whitewater’s** Language Assistance Plan includes the following elements:

1. The results of the *Four Factor Analysis*, including a description of the LEP population(s), served.
2. A description of how language assistance services are provided by language
3. A description of how LEP persons are informed of the availability of language assistance service
4. A description of how the language assistance plan is monitored and updated
5. A description of how employees are trained to provide language assistance to LEP persons
6. Additional information deemed necessary

### Methodology

To determine if an individual is entitled to language assistance and what specific services are appropriate, the **City of Whitewater** has conducted a *Four Factor Analysis*<sup>1</sup> of the following areas: 1) Demography, 2) Frequency, 3) Importance and 4) Resources and Costs.

#### LEP *Four Factor Analysis*

##### ✓ **Factor 1: Demography:**

The first factor of the *Four Factor Analysis* is the basis of the Language Assistance Plan. It requires the **City of Whitewater** to review its US Census data to determine if it meets the *LEP Safe Harbor Threshold* for two to three of the largest language groups identified other than English. The *Safe Harbor Threshold* is calculated by dividing the population estimate for a language group that “Speaks English less than very well” by the total population of the city.

---

<sup>1</sup> DOT LEP guidance <https://www.civilrights.dot.gov/page/dots-lep-guidance>

- a. The *LEP Safe Harbor Threshold* provision stipulates that for each LEP group that meets the LEP language threshold (5% or 1,000 individuals, whichever is less) the **City of Whitewater** must provide translation of vital documents in written format for the non-English users.
- b. Examples of written translation of vital documents include the Title VI policy statement and/or Notice to the Public (Appendix 2), Title VI Complaint Procedure (Appendix 3), Title VI Complaint Form (Appendix 4), and ADA paratransit eligibility forms.

The City has obtained LEP data from the US Census website utilizing the American Community Survey (ACS) Data<sup>2</sup> at:

[https://factfinder.census.gov/faces/tableservices/jsf/pages/productview.xhtml?pid=ACS\\_15\\_5YR\\_B16001&prodType=table](https://factfinder.census.gov/faces/tableservices/jsf/pages/productview.xhtml?pid=ACS_15_5YR_B16001&prodType=table). This data is summarized below:
